U.A.W. Head Asks Members To Stop Purchasing Meat

DETROIT (AP)—An estimated 20,000 to 30,000 Chrysler Corporation workers walked off their jobs this afternoon to attend a support-the-O.P.A. demonstration in downtown Detroit.

Officials of the C.I.O. United Auto Workers said 20,000 left the Dodge main plant, while Chrysler company spokesmen said 30,000 were out in its nine Detroit area plants.

Company officials said they were unable to determine immediately the exact effect the walkout had on its production lines.

General Motors spokesmen said "as far as we know, none of our workers have walked out," and the Ford Company said a preliminary survey showed the same situation.

FLINT, Mich. (AP) — Walter P. Reuther of the C.I.O. United Auto Workers today called on American consumers to participate in a countrywide one-week meat buying strike beginning tomorrow.

Planes, 1,000 Men Seek U.S. Marines Vanished In China

PEIPING (AP) — More than 1,000 men and seven aircraft pressed the search today for seven U.S. Marines kidnapped Saturday by a band of 80 Chinese.

Marine Corps headquarters here said no trace had been found of the missing men, taken prisoner in a village near Chinwangtao. An eighth marine escaped capture.

All marines in that area of North China have been alerted, a Marine Corps officer said. Two companies of 600 marines and a similar number of Chinese government soldiers have been detailed for the search.

Chinese papers said the kidnappers were Communists, but there was no confirmation. Numerous bandit gangs operate in the area.

Meantime, Chinese press dispatches said a force of 80,000 Communists was attacking strategic Tatung in Shansi Province, a weakly-defended city famed for its huge stone Buddhas.

A cease-fire team was reported en route there.

The government - controlled Central News Agency said the Communists had halted their attacks on the Tientsin-Pukow rail line in Hopei Province after more than a week of fighting, and that the Tsinan-Tsingtao line had been cleared of Reds.

Five thousand Communists were reported attacking government positions 14 miles north of Tsinan, capital of Shantung Province.

Nahanni Country Claims 13th Life

FORT ST. JOHN, B.C. (CP)—Royal Canadian Mounted Police reported today that Ernest Savard, 41, a veteran prospector, has been given up as dead.

They said Savard, known in Ontario and British Columbia camps, scorned their suggestions last year that he should not travel to the isolated Nahanni River country to look for a gold mine.

Savard was last reported seen at Christmas time when he returned to a trading post at the mouth of the South Nahanni River and bought supplies.

It was believed he was looking for a lost gold mine in the upper Nahanni country about 300 miles due west of Yellowknife, N.W.T.

R.C.M.P. records show 12 persons lost their lives since 1904 attempting to find what is said to be rich gold-bearing ore in the area. In the past speculation has connected these deaths with rumors of a tropical valley in the Upper Nahanni country.

Police said the Nahanni country is difficult country in which to travel and Savard was not well equipped to meet the rigors of a "hard" winter.

Clinic Head Dies

VANCOUVER (CP)—Dr. Wilbur Craig Mooney, 32, head of the B.C. Venereal Disease Control Clinic here, was found dead by a hospital orderly today on the floor behind his office desk. He lived in Winnipeg before moving to Vancouver.

Trainer Suspended At Edmonton Meet

EDMONTON (CP) — Trainer E. McClain and all horses owned and trained by him today stood suspended for 30 days at the order of George W. Schilling, presiding steward of the Edmonton racing meet, as a result of alleged stimulation of the horse Dr. Pook at Calgary last week.

Judge Schilling also ordered money won by Dr. Pook in the race be declared forefeited and first money be given to H. P. Streeter, owner of Coon Dog, which finished second in the race at Calgary last Friday.

Judge Schilling said in a statement that saliva taken from Dr. Pook was reported positive for caffein when tested by the crystal and color tests.

Horses barred from the track as a result of the suspension action include Grey Goslin and Fredda T. Dr. Pook, owned by Miss G. McAuley, will be given permission to start at such time as the owner employs a new trainer.

B.C. Tennis Star In Semifinals

OTTAWA (CP)—One seeded player, Jimmy McGregor of Toronto, fell by the wayside and favorites generally met stiffening opposition in today's singles matches at the Canadian Junior Tennis Championships, being played at the Rideau Lawn Tennis Club here.

McGregor, former Vancouver star who is seeded fourth in the junior men's singles, went down before the steadier play of Raymond Laroche of Quebec in straight sets, 6-3, 7-5, in a quarter-final match.

Feature event of the morning schedule was the meeting between top-seeded Lorne Main, two-fisted Vancouver player, and Redmond Quain of Ottawa. Main advanced to the semifinals in straight sets, 6-3, 7-5.

In the junior women's singles, Winnifred Harpell of Port Arthur, seeded first, entered the final by ousting Rita Boisvert of Ottawa, 6-2, 6-1.

Britain Has A War Surplus Problem, Too

War surplus vehicles awaiting civilian buyers are stored in the Spanhoe car dump near Kettering, England, in a picture similar to those in many sections of the United States. The British War Ministry is auctioning 25,000 motor cars, trucks and motorcycles at that depot, shown above.

Parliament May Intervene In Steel Strike; Premier Says Public Affected

OTTAWA (CP) — Prime Minister King, supporting a Progressive Conservative proposal to the Commons this afternoon, suggested that the House's industrial relations committee meet before the end of the day and arrange to have appear before it the leaders of parties to the steel strike.

Mr. King took the floor after Arthur Smith, P.C., Calgary West, labor spokesman for his party, urged that the committee be established to hear both sides of the story in the steel dispute and attempt to assist in a settlement of the differences.

In supporting the suggestion, Mr. King said the Canadian people would want justice done in the settlement of the strike, but they would also want the will of the people as a whole to be respected over that particular group.

Mr. King said the government was prepared to take full responsibility for its action in appointing a controller to take charge of the steel plants. He hoped the controller and other agencies would continue to strive to bring about an agreement.

The controller had been appointed before the strike occurred because the government realized that if the men left their jobs the walk-out would have devastating effects at home and abroad.

When conciliation and mediation were unsuccessful it was necessary to use their handmaid—investigation—to the maximum truth. The court of public opinion could bring about a fair settlement, but the court of public opinion had to be informed.

Mr. Smith, expressing fear for the future if labor difficulties continued, suggested the committee call before it the three parties involved in the dispute—labor, management and the consumer—to hear all sides concerned.

The committee also would take action to prevent strikes by bringing the disputing parties before it.

Mr. King said he always had taken the position that there were not two parties—labor and management—alone involved in labor disputes but three, the third party being the consumer.

Thus, a strike affected more than labor and management; it also effected the community and, in addition to affecting Canada as a whole, its repercussions could spread beyond the Dominion's borders and have an immediate effect upon supplies to other countries.

The Prime Minister said he held "very strongly" the view that there should be a method of getting exact information on disputes. This was the best method of attaining the aim of solution.

Turning to the question of government control, he said he believed in government control in certain instances and at certain times but there were times and seasons for all things and there still was a place in the Canadian scene for private initiative.

Litzenberg Leading Jockey At Seattle

SEATTLE (AP)—Walt Litzenberg, Longacres' leading jockey, won't have to worry about his standing in the jockey ratings during a five-day suspension imposed upon him Sunday by the stewards for racking up the field.

The 23-year-old rider banged in 12 more winners last week to run his total to 46. Nearest to him is Jimmy Cassity with 14 wins.

San Diego Players Must Mount Wagon

SAN DIEGO, Calif. (AP) — Bill Starr, president of the San Diego Coast League Padres, said here today he had ordered his players "to stay out of all bars" in his efforts to smooth out troubles that have figured in the Padres' recent slump.

The order, Starr indicated, was intended to keep players from the influence of dissension-spreading fans, rather than because of any excessive drinking.

Starr reiterated his support of "Pepper" Martin, declaring: "Pepper is going to get 100 per cent backing from me as long as he is manager of the Padres."

Fund Now $48,000

SPOKANE (AP)—Cheques totaling $7,500 out of a benefit fund now totaling $48,000 have been advanced to Spokane's injured baseball players and the legal representatives of those killed in a bush crash June 24. Guy Chelsman, chairman of the Baseball Benefit Fund Distribution Committee, said today.

Chelsman said $500 had been given to each of the injured players so that those who wished could return home. A like amount went to legal representatives of dead players to defray immediate expenses.

Senior Police Get Payoff, Says Reform Leader

MONTREAL (CP)—Lashing out at the alleged vice and gambling racket in Montreal, D. Archie MacDonald, chairman of the Crime Prevention Committee of the City Improvement League, told the Rotary Club today the largest legitimate enterprise in the city could not "hold a candle to our local gambling racket."

Mr. MacDonald, a Montreal lawyer, said "where gambling flourishes it is more than a coincidence that dope-running and white slavery also flourish.

"It is not by fining a few madames that these pestilences will be stamped out. We must get at the higher-ups, the big-time operators, the boys who pull the strings and make the cheap little politicos jump like marionettes."

Most police officers wanted to do the right thing, but many had found they could not buck the system.

"Daily these witness graft and perversion. How can an honest cop help being cynical if he has to pay to get on the force, pay for promotion and stand silent while cash rewards for meritorious service find their way into the pockets of crooked superiors?"

From August, 1936, to the same month in 1944, 19,895 persons had been found in gambling houses and let off with costs, with not one sentence of imprisonment. In the same period 4,456 raids had been made on houses of prostitution, with 7,965 found-ins and 4,000 keepers. The found-ins had been sentenced to $15 until 1943, when the fine had been raised to $20—"doubtless the beginning of inflation."

British, U.S. Berlin Zones May Co-operate

LONDON (CP) — British-U.S. discussions will open shortly in Berlin in an effort to establish closer economic relations between the British and American zones of occupation in Germany, the Foreign Office announced today.

9th Woman Victim Of Jack The Ripper Crimes In Britain

LONDON (CP)—Discovery in Edinburgh of the body of Agnes Campbell today gave fresh spur to investigation as police counted the ninth female victim within little more than a month of Britain's worst murder wave of the century.

Details of the latest murder were not available. Police said merely that 35-year-old John Rutherford had been arrested and charged with the murder.

In London, authorities announced Walter Clayton was sentenced to death today for the murder of a 23-year-old former member of the Women's Auxiliary Air Force, Joyce Jacques, who was found strangled by means of a silk scarf on a beach at Morecambe, Lancashire.

Another convicted slayer, Thomas Hendren, ship's baker, will be hanged Wednesday at Liverpool for the slaying of Mrs. Ella Staunton, red-haired Liverpool manicurist.

Mrs. Staunton was stabbed and strangled with an electric light cord in her salon while police, investigating the establishment, peered into the room from a ceiling peephole.

There was no word on the progress of investigation in the other murders, which some officers have compared with the Jack the Ripper crimes of the late 19th century.

English War Bride Gets Treaty Money

FORT WILLIAM (CP) — A young English war bride, Mrs. Willie John, was among members of the Red Rock band of Indians who received treaty money at Nipigon, Ont., last week.

The petite and smiling girl was born Frances Wilford and came from Yorkshire, Eng. She met her husband when he was overseas with the Royal Canadian Artillery. As a member of the band, she received $4 for herself and $4 for her husband, an employee of a paper company.

Mrs. John told Indian Agent J. G. Burk that she had been in Nipigon two months and "liked it fine so far."

Indian Land Sold

OTTAWA (CP) — Leonard L. Brown, a reserves division official of the Indian Affairs Branch, today told the Parliamentary committee on Indian affairs that more than 2,000,000 acres of one-time Indian reserve lands had been sold since 1867.

Big-Time Circus, First In 40 Years, Arrives In Morning

On Wednesday morning at about 9.30, Victoria's children, from eight to 80, for the first time in nearly 40 years will be able to tingle with expectancy at the sight of a big-time circus coming to town.

Drawn in a 20-car circus train, the Clyde Beatty circus, with its performers, wild animals, big-top and fabulous circus equipment, will arrive on the E. & N. Railway from Courtenay. The train will unload at the Russel station in Victoria West and the circus will be set up at Victoria West Park for its three-day stay.

The circus promises hair-raising entertainment which will take many a Victorian back to his care-free schooldays, and introduce many a Victoria schoolboy to the delights of the big-top.

It promises "Clyde Beatty, in person, shaking dice with death in the big steel arena with 40 of the most blood-thirsty brutes that breathe, lions and tigers of opposite sexes."

It promises Mrs. Harriett Beatty, with "two hostile lords of the jungle, giant elephant and Royal Bengal tiger," and the "sensational De Waynes, whirlwind acrobats."

To fill the day so the young of heart may sigh with a surfeit of contentment, the circus will provide "the finest high school and liberty horse displays ever beheld by mortal eye," and elephants, an all-girl ballet, stumbling, tumbling clowns, daring feats on the slack wire, high perch thrillers, a menagerie and a horse fair and of course the thunder of a big-top band.

The circus has already performed in up-island centres and is scheduled to leave Courtenay tonight for Victoria.

Ottawa To Permit Anchovy Seining

OTTAWA (CP) — Fisheries Minister Bridges Monday announced that for the first time purse-seining fishing for anchovies would be permitted for the next two months in a part of Burrard Inlet near Vancouver in a move to aid the growing anchovy canning industry and determine future possibilities.

Seining licenses would be issued for the portion of the inlet above the Second Narrows Bridge, exclusive of Deep Cove, which remains closed to purse-seine fishing, he said. While the fishing was in progress Fisheries Research Board experts would study operations to determine the future possibilities and add to general knowledge of the fishery.

While there had been anchovy fishing previously on the British Columbia coast—the only place were the fish is found in Canadian waters—it was not until the war that any anchovy canning was attempted.

Film Council

Recent releases by the National Film Board on Canadian Industry are Story of Oil, a film made in Turner Valley tracing the refining of oil from the oil wells to the factory, and Fishing Partners, a film, showing the effects of research in the Gaspe district.

Films brought from the University of British Columbia for showings in the following week are: Thursday, People of Western China, for Technocracy; Monday, Exploring With X-ray, for Technocracy: Tuesday, Brazil—People Of the Plantation, for Technocracy.

Other new films released by the National Film Board are Jasper, a colored film describing one of Canada's national parks and Photo Canada, also describing Canada, showing the methods of photographing previously uncharted regions.

W.A. to St. George's—Mrs. G. C. Holmes was in the chair at the meeting of the W.A. to St. George's Church held in the parish room at Ganges Harbor, Salt Spring Island. The treasurer reported $113.41 on hand. The dorcas secretary reported on work ready for the summer sale and Rev. G. H. Holmes gave a short talk on the Anglican Advance Appeal. Final arrangements were made for the garden party to be held in August. Tea hostesses were Mrs. W. Palmer and Mrs. J. Byron.

Canada's Largest Plane Successfully Completes Tests

MONTREAL (CP) — Test flights successfully completed Monday night, Canada's newest and largest aircraft—a four-engined transport designed to carry 40 passengers — today awaited official christening Saturday, when it will be named the North Star by Mrs. C. D. Howe, wife of Reconstruction Minister Howe.

After the flight, carried out at the big Canadair plant in suburban Ville St. Laurent, test pilot Bob Brush of Santa Monica, Calif., said the transport "handled remarkably well," and that the four Rolls-Royce engines "performed perfectly."

The craft, development of which took some three years and employed 8,000 persons, will have a maximum cruising speed of 325 miles an hour, a non-stop range of 3,500 miles at altitudes up to 28,000 feet and will be used by Trans-Canada Air Lines and the Department of National Defence in trans-Atlantic, international and transcontinental services.

The plane is a combination of Trans-Canada and Douglas design with a British-built power plant.

A feature of the plane's equipment is "Loran" a long-range navigational device which gives the pilot his location in a few seconds when flying as far as 1,500 miles from a shore station. The radio altimeter will give the pilot his exact height above water or ground.

Besides the regular radio beam, an automatic pilot can land the craft automatically.

Urges Ilsley Probe Charges Against Unrra

OTTAWA (CP)—In the Commons Monday night Tom Reid, Lib., New Westminster, said he wanted Finance Minister Ilsley, who will represent Canada at the general meeting of Unrra in Geneva next month, to investigate some of the charges against that organization. He quoted an article from the National Home Monthly, published in Winnipeg, which said Unrra goods reaching Greece were showing up on black markets instead of going to the needy people. Booots paid for by Canada, Britain and the United States were selling in Greece for $160 a pair.

Mr. Reid said that if the charges proved true Canada should distribute her goods instead of contributing financially to Unrra.

43 Nazi S.S. Men To Die For Battle Of Bulge Murders

DACHAU, Germany (AP)—A United States military court sentenced 43 veteran German S.S. troops to death for the slaughter of 900 U.S. soldiers and Belgian civilians during the winter Battle of the Ardennes Bulge.

The crimes were committed during Germany's last offensive around the Christmas season of 1944.

Prison sentences ranging up to life were given the other 30 of the 73 officers and men convicted last Thursday.

Col. Joachim Peiper, who gave the order that the S.S. troops were to take no prisoners, was one of those sentenced to die. Testimony was that he ordered frozen, exhausted and disarmed American prisoners shot during the battle and that the Germans sang songs of massacre on the eve of the offensive.

Col.-Gen. Josef (Sepp) Dietrich, veteran of Adolf Hitler's abortive beer hall Putsch in 1923 in nearby Munich and commander of the German 6th Panzer Army, was sentenced to life imprisonment. His troops spearheaded the December-January battle.

Lt.-Gen. Hermann Priess, commander of the 1st S.S. Panzer Corps, was sentenced to 20 years in prison.

Brig.-Gen. Fritz Kraemer, chief of staff to Dietrich, was given 10 years.

Peiper, the highest ranking officer among those sentenced to die, laughed when a photographer's flash bulb exploded in his face when the sentence was pronounced.

The death sentence provided for hanging. The doomed men asked the court for permission to be shot, instead. The court announced a recommendation to that effect would be made to Gen. Joseph T. McNarney, commanding general of United States forces in Europe.

Privy Council Asks If Canadian National Can Be Japanese Also

LONDON (CP)—Whether a national of Japan could also be a national of Canada was a question raised today by Viscount Simon during the opening stages of an appeal by the Co-operative Committee on Japanese Canadians and the government of Saskatchewan before the Privy Council.

F. A. Brewin, youthful Toronto lawyer, opened the case for the appellants against a Supreme Court of Canada ruling that the Canadian government has authority to deport undesirable Japanese nationals as well as "male adult persons of Japanese origin" who want to go to Japan.

When Mr. Brewin quoted from Order-in-Council P.C. 7355 dated Dec. 15, 1945, Lord Simon interjected: "There is a suggestion in these orders that a national of Japan may also be a national of Canada."

NOT INTENDED

Mr. Brewin: I do not think that is intended.

Lord Simon: Is there any definition of the term Japanese race in these orders?

Mr. Brewin: None at all.

Lord Simon said the order-in-council referred to three kinds of people: Persons Canadian by birth, naturalized Canadians, and persons who are foreigners.

"This section does not refer to natural-born Canadians at all," he said. "The result is if you are a natural-born Canadian there can be no case. But if you are a naturalized Canadian then there is provision for a commission to look into your case.

The only right in this case is to inquire into the status of people who have requested to go to Japan. Frankly I do not understand this distinction."

SEPT. 1, 1945, DEADLINE

Mr. Brewin said that under the order-in-council every naturalized British subject of Japanese race of 16 years or over who had asked to be repatriated to Japan could be deported from Canada if the request had not been revoked in writing prior to midnight Sept. 1, 1945.

Lord Wright interjected that he understood a Japanese national under detention in wartime could be deported without question.

Mr. Brewin replied that under P.C. 7355 Japanese nationals who never had asked for repatriation could be deported.

Lord Simon: But he would be in a position to protest if he had never made any request, had never been in detention and nad not been recommended for deportation by a commission.

Duringt he reading of the order-in-council Lord Wright asked what the initials R.C.M.P. signified. He nodded and smiled when told.

Vancouver Rejects New Blue Line Bid

VANCOUVER (CP)—The City Council here Monday night refused the renewed request of the Blue Line Transit Co. of Victoria for consideration of new proposals to secure a transport license here, and submitted the letter to the negotiating committee to answer.

"I see no reason for resuming the argument with them and procrastinating," Ald. John Bennett said. "The city was well fortified with advice and went exhaustively into the whole matter over a period of eight months."

Ald. Charles Jones suggested that if the company was so anxious to go into the transit business here, it should buy out the B.C. Electric Railway Co.

The Victoria company offered to sell to the city for $1,000,000 at the end of the agreement, in exchange for a 20-year contract. After five years it would sell at 7,500,000, after 10 years at $5,000,000, and after 15 years at $2,500,000. The Blue Line Company also offered to remove all existing B.C.E.R. ties and poles within two years.

"The Blue Line company must realize that even with its program, the city would still have the B.C.E.R. since it holds a perpetual franchise," Ald. Jones said.

Steelworkers Will Debate Wage Offer

NEW WESTMINSTER (CP)—Eileen Tallman, secretary of the sub-district council of the United Steelworkers of America (C.I.O.), said contracts with foundries here will expire Saturday and that union members will discuss final reports on negotiations at their regular meeting Friday night.

The union is demanding a 15-cents-an-hour wage increase in any new agreement negotiated. The operators are reported to be offering a 10-cents-an-hour increase.

More than 300 workers in three large plants are affected by the negotiations.

U.S. Frees 3 Russians In Berlin As Soviet Releases 2 Yanks

BERLIN (AP)—Less than 12 hours after the Russians had released two Americans whom they had held incommunicado in the Soviet zone of Berlin for 15 days, United States army headquarters announced today it was freeing three Russians held on suspicion of espionage.

The two Americans, WO. Samuel L. Harrison and his wife, Helen, were handed over unharmed to Maj.-Gen. Frank A. Keating, United States Berlin commander, at Russian headquarters here at 1.45 a.m.

SEEK TWO OTHERS

Gen. Keating later announced strenuous efforts were being made to effect the release of two other U.S. officers, apparently held incommunicado by the Russians for almost two weeks.

A statement by Brig.-Gen. Edwin L. Sibert, chief of the headquarters intelligence division, said the three Russians had been held for two weeks in the U.S. sector of Berlin. He added the three were wearing civilian clothes when arrested, and had entered the U.S. zone apparently for "clandestine operations."

They are "being turned back" to the Soviet zone at the request of Russian authorities, who identified the three by name, the statement said.

The Harrisons told how they had been arrested July 1 when they went 500 yards into the Russian district to visit a dog kennel. They said they had been questioned repeatedly during their captivity.

The Russians kept the two apart for the first two days of their imprisonment—Harrison in a dungeon-like cellar, his wife in a bare room. After that, they were reunited and received "passable food."

Although the Russians gave no official reason for the couple's prolonged imprisonment, officials intimated it was in retaliation for the detention of three Russians by the Americans.

Meanwhile U.S. officials said they had no information of the whereabouts of Capt. Harold Cobin of Newark, N.J., and Lt. George Wyatt of Oklahoma City, last seen July 4 boarding a train for Oranienburg in the Russian zone. The officials said the Russians had promised to investigate their disappearance.

$100,000 Scholarships

OTTAWA (CP)—To help meet the acute shortage of qualified social workers, the federal government has set aside $100,000 to provide scholarships and to assist in expanding seven Canadian Schools of Social Work, Health Minister Claxton announced today.

Benefiting from the grants are the Maritime School of Social Work, Halifax, and the Schools of Social Work in the Universities of Montreal, Laval, McGill, Toronto, Manitoba and British Columbia.

Hamilton Plant Producing Steel, 2 Others Closed

By Canadian Press

The basic steel strike for higher wages and shorter hours today was going through its second day. The strike called by the United Steelworkers of America (C.I.O.), has halted production at basic steel producing plants at Sault Ste. Marie, Ont., and at Sydney, N.S., but in the other similar Canadian plant—Steel Company of Canada at Hamilton—production continued and the company announced it turned out more than 2,000 tons of steel ingots in the first 24 hours of the walkout.

Steel ingot production at Stelco was about two-thirds of the normal rate, which is roughly 3,000 tons a day. The company said more men reported for work Monday, swelling the number of more than 2,000 housed within the plant property.

GIVES PRODUCTION

The production figures, given in a telegram from Stelco President H. C. Hilton to F. B. Kilbourn, government-appointed controller of the three plants, said the 2,000 tons of ingots were all rolled in the giant blooming mill. It said also coke production was 85 per cent of capacity, that the one operating blast furnace produced 600 tons and that production in plate, rod and bar mills was "satisfactory."

Earlier union officials had estimated the Stelco strike was 85 per cent effective and that no more than 1,200 men were in the plant.

At Sydney, the plant of the Dominion Steel and Coal Corporation was idle for the second day. Only maintenance men were in the plant and the gradual slowdown of operations which began Saturday was expected to be completed before the end of today. There are no picket lines around the plant.

At Sault Ste. Marie, the Algoma Steel Corporation plant also is idle. Maintenance men entered the plant along with a skeleton crew to operate the coke oven on a limited basis to assure the city a supply of gas for domestic and commercial heating and cooking.

The union's objective of a $33.60 wage for a 40-hour week represents a 19½-cent hourly increase at Algoma and Stelco and 24½ cents more at Dosco. So far the best offer has been a 10-cent increase with an unofficial offer of an additional five cents at Dosco to equalize the rates as between the three plants. This offer was rejected by the union.

The strike involves roughly 13,000 men and about 11,000 are idle.

Hughes Improving

LOS ANGELES (AP)—Howard Hughes was somewhat improved today, nine days after his experimental photo reconnaissance plane crashed and burned in Beverly Hills on its maiden flight.

19-Gun Salute, Guard Of Honor For Alexanders' Arrival Here

VISCOUNT ALEXANDER, GOVERNOR-GENERAL OF CANADA

Amid the boom of welcoming guns Governor-General Alexander with Lady Alexander and their three children will step from H.M.C.S. Crescent at the Canadian Pacific docks in the inner harbor at 4.15, Wednesday.

The welcome will be fired from Belleville Street by four field pieces manned by an artillery battery of headquarters, fixed defences.

Included in the viceregal party will be the Governor-General's aide-de-camp, Capt. David Lloyd-Thomas; his private secretary, Maj.-Gen. H. F. G. Letson and Miss Bridget Besey, lady-in-waiting to Lady Alexander.

First official act of Governor General Alexander will be to inspect the guard of honor in charge of Lt.-Cmdr. T. D. Budge, D.S.C., R.C.N. The guard will be mounted before the Legislative Buildings. Lieut J. T. Howe, R.C.N., will carry the colors reserved for the King and his representative, the Governor-General. Boarding the Crescent to Welcome the Governor-General will be Lieutenant-Governor W. C. Woodward, Premier John Hart, Mayor Percy George, Rear Admiral V. G. Brodeur, Brig. I. C. Plow and Air Vice-Marshal J. O. Plant.

A large number of Victorians are expected to attend the public reception in the Legislative Chamber from 5 to 6 which will follow presentation to the Governor-General of addresses of welcome from the province and the city.

Thursday's activities include a morning drive over the Malahat, luncheon at Royal Canadian Naval College, Royal Roads and a reception in honor of Lady Alexander by the Women's Canadian Club at the Empress Hotel at 3.30.

Social highlight of the viceregal visit will be the ball at Government House at 10 Thursday evening at which Victoria and Vancouver debutantes will make their bow.

Lady Alexander will be guest of honor at an I.O.D.E. reception in the Empress Hotel lower lounge at 3.30 Friday. The Alexanders will visit the Little Centre at 11 Friday morning at 12.30 the Governor-General will attend the Men's Canadian Club luncheon at the Empress Hotel. The viceregal party will leave Victoria Saturday aboard the Crescent.

Mihailovic Appeal Rejected; Must Die

BELGRADE (Reuter)—Gen. Mihailovic's appeal against a death sentence imposed Monday was rejected today by the Presidium of the Yugoslav National Assembly. It was expected the bearded former Chetnik leader would be executed at dawn Wednesday.

Mihailovic, former Yugoslav War Minister and guerrilla leader, was convicted and sentenced to death for collaboration with the Germans and other war crimes. The court ordered he be executed by shooting.

It was announced later that the Presidium also had turned down appeals by the 10 other co-defendants sentenced to die.

The distillation of alcohplic beverages from fermented liquors became general throughout the whole of Europe during the 16th and 17th centuries.

Tupper Descendant Denies Espionage

OTTAWA (CP) — A granddaughter of one of the Fathers of Confederation, Miss Agatha Chapman, said in a statement today she had been "shocked" to learn that her name was listed in the final report of the Royal Commission on Espionage.

The report, issued Monday, said Miss Chapman, a Bank of Canada economist, had acted as contact between two alleged Russian agents in Ottawa.

Her statement said in part:

"I have lived in Toronto, Montreal and Ottawa for a number of years and have made numerous acquaintances, amongst whom are some of the people named by the Royal Commission. . .

"The Royal Commission is reported to have referred to my acquaintance with some of these people and to have suggested that I had 'knowledge of what these people were engaged in.' This suggestion is absolutely untrue. I have no way of knowing whether espionage was being carried on, but I can state that I myself have had nothing to do with it.

"The record of responsible citizenship in my family goes back a long way. My great-grandfather, Sir Charles Tupper, was one of the Fathers of Confederation; my great uncle, W. J. Tupper, has been Lieutenant-Governor of Manitoba; my father was a High Court judge in India; my mother has been awarded the M.B.E."

Miss Chapman's mother, Mrs. G. P. Chapman, lives at Vernon, B.C. Her father, the late G. P. Chapman, was a judge in India before his retirement many years ago.

Province Picketed Despite Injunction

VANCOUVER (CP) — Picketing continued at the Vancouver Daily Province building today, but union officials said none of the pickets was a member of the newspaper's chapel of the International Typographical Union (A.F.L.)

The Typographical Union, on strike since June 6 demanding all Southam newspapers sign agreements recognizing I.T.U. rules, was named in an injunction granted Tuesday by Mr. Justice A. M. Harper restraining any of its members from picketing the building.

H. Finch, Canadian representative of the I.T.U., was still awaiting instructions from international headquarters in connection with the action of the Daily Province management in obtaining the injunction.

Union officials said the pickets on duty today were members of other A.F.L. and C.C.L. unions. There was no mass picketing today as predicted by union officials as a protest against granting of the injunction.

MUCH TO CHEER US

VIEWING WITH ALARM IS THE cherished prerogative of a political opposition in Parliament. It is only detrimental to a nation's progress when it is overdone. But it was just as well that Hon. Brooke Claxton, Minister of National Health and Welfare, sailed into the prophets of gloom in his contribution to the budget debate in the House of Commons at Ottawa last night. Not only was he justifiably proud of the manner in which this country had emerged from the social and economic turbulence of the long war period; he cited several important factors which augured well for the days ahead. These included the statement that 629,000 more persons were employed in the Dominion than in 1939, that production and earnings were higher than in any other peacetime period, that the output of goods stood at an all-time high, that the savings of individuals had tripled since 1939, while the debts of leading companies had declined from $139,000,000 in that prewar period to $66,000,000 today. To which Mr. Claxton added a reiteration of the obvious fact that prices were more effectively controlled in Canada than in any other country—with the Canadian dollar as strong as most currencies.

It was natural that the Minister of National Health and Welfare should remind the public that additional prosperity might be promoted by the completion of a satisfactory agreement with the provinces. By this token, however, Mr. Claxton should be able to persuade his ministerial colleagues that further discussions between the provincial Premiers and the federal cabinet be resumed with as little delay as possible. During the course of an excellent and highly-informative address to the members of the revitalized Laurier Club of Victoria yesterday, Hon. John Hart, speaking for the Coalition government of this province, indicated categorically that he was ready at any time to go back to Ottawa to try again to find a greater area of agreement.

Mr. Claxton voiced the hope, too, that labor and management would quickly discover ways and means of living together in amity, and that conditions abroad would soon become more propitious for the freer exchange of goods; in all of which lay the soundest basis for general prosperity. And the statement from Washington yesterday that nearly 57,000,000 Americans are gainfully employed—nearing Henry Wallace's "full employment" and 60,000,000 jobs—also reflects an economic condition in the northern half of the Western Hemisphere which should bring more than a modicum of hope and cheer to any in Canada or in the United States who suffer from a depression complex, or who are otherwise prone to overdo their gloomy prophesies for political effect.

MR. BYRNES AND RUSSIA

WITH MUCH OF THE ACCOUNT OF the Paris meeting of the Council of Foreign Ministers which United States Secretary of State Byrnes presented to his radio audience last night, of course, the public was familiar. But his reference to the Soviet Union and the "doubts and suspicions" which the men of the Kremlin "have raised in the minds of those in other countries who want to be their friends" followed closely the publication in Ottawa of the fourth and final report of the Royal Commission on Espionage—which showed that Russia had obtained in Canada "a very great deal of secret information" from certain agencies reminiscent of "fifth column" activities.

Mr. Byrnes was speaking specifically about the Soviet Union's disinclination to get down to the business of what to do with Germany, and particularly Moscow's refusal to accept his 25-year formula for preventing the former Reich from becoming a nuisance to anybody. While he gave the men at the Kremlin the benefit of the doubt, suggesting that he did not believe they realized the effect their "aloofness, coolness and hostility" had had on friendly-disposed people, Mr. Byrnes was obviously in no mood to apologize for the directness of his recital. And if he had wished to underscore the attitude of mind which Mr. Molotov in Paris and Mr. Gromyko in New York had reflected on so many occasions recently, he could point to the persistent attacks on both the United States and Great Britain in which the Moscow Pravda and Izvestia indulge.

Since nothing is permitted to appear in Russian newspapers which is not first approved by the Communist hierarchy, it is small wonder that those who want to be Russia's friends are seriously disturbed. Moreover, what is the public to think of the voice from Moscow which calls one of the most reliable and experienced writers of the New York Times, Mr. Brooks Atkinson, a "gangster" because he tells his readers that the Russian regime "is a totalitarian government?" Our "fellow travelers," of course, try to make out that democracy prevails in the Soviet Union. They have not been there; Mr. Atkinson has.

TRAVESTY OF THE VETO

AUSTRALIA'S FOREIGN MINISTER, DR. Herbert Vere Evatt, has served notice that his country will ask the General Assembly of the United Nations at its next meeting to review the manner in which the veto power has been exercised in the Organization's first year of existence. This dynamic representative of the larger of the two southern British Dominions took to the air in New York on Sunday to call this prerogative of the five permanent members of the Security Council an "illogical system" and a "serious disability" to the cause of peace. He elaborated specifically as follows:

"It is a travesty of democratic procedures when any one nation can block the unanimous opinion of the remainder of the Council of 11 when it is endeavoring solely to conciliate and adjust international disputes and situations."

Having sat in the Security Council meetings in New York's Hunter College through one session in which the delegate of the Soviet Union employed the veto no fewer than three times—on the Spanish issue, which was largely one of procedure—it is small wonder that the Australian minister "sees red" every time he thinks of this hampering provision of the Charter. But any discussion of the veto should be kept in accurate perspective. It was included in the document drawn up in the city by the Golden Gate because it was agreed upon at Yalta—not solely on the insistence of Marshal Stalin, but also because the late President Roosevelt argued that without such a provision he feared the Congress of the United States, meaning specifically the Senate, would not approve a document which predicated the relinquishment of any part of American sovereignty. In the light of what happened to the first League of Nations at the hands of "a few wilful men" in the upper chamber at Washington, the attitude of the then chief executive was understandable. But when our neighbor, in the main, approved the Baruch proposal for dealing with the atomic bomb, the world witnessed the gift of a large part of that self-same sovereignty with a minimum of hostility in influential circles. Hence Dr. Evatt will be able to point to much in support of his country's contemplated action.

From the moment the delegates from 46 nations got down to the real task of drafting a Charter for peace at San Francisco last spring it became obvious that Dr. Evatt would countenance no domination by the larger states. And he stuck to his guns through thick and thin; if he could not make his points sufficiently forceful in committee or commission meetings, his press conferences provided him with an outlet for his views and their publicity. Nor did he seem to object to the nomenclature of "stormy petrel" of the Conference. He reminded us of the late Wendell Willkie—who said: "I believe in saying what I think when I think it." Courage and candor are Dr. Evatt's watchwords, too. There will be many in high places who will applaud the Australian minister's declaration of war on the sanctity of the veto. No nation which is really intent on working for an enduring peace will vote for its retention. It is, at best, an expedient of pre-atomic days.

REPRESENTATION DESIRABLE

THE HARMONY WHICH HAS PREvailed on the Greater Victoria School Board since provincial action unified the formerly independent administrations of the city, Oak Bay, Esquimalt and inner wards of Saanich for educational purposes is indicative of the high spirit of co-operation established by the municipal representatives who now sit on the board. Last night there was a division of opinion on the question of future election procedure, some members advocating one general poll for the entire Greater Victoria area and others favoring retention of distinct municipal representation on the board. Under the latter scheme, voters of the city itself name four trustees, those of Oak Bay and Saanich two each, and Esquimalt one.

Maintenance of the existing arrangement would assure proportionate representation; adoption of the single poll might result in any of the partner municipalities losing seats on the educational body. Were the community united under one complete civic administration, the latter eventuality would pose no difficulty. But as yet the surrounding districts have not been amalgamated for revenue collecting purposes, and as long as each has to make a contribution to school costs it is reasonable to expect them to want representation.

Moreover, the presence on the board of delegates from the city, Oak Bay, Saanich and Esquimalt provides that body with highly desirable liaison links with the respective council of the municipal units they represent. An Oak Bay trustee, for instance, familiar with the complete activities of the board, would be in a preferential position to discuss with the Oak Bay Council the requirements of the metropolitan area and the share which Oak Bay taxpayers should pay toward meeting those needs. The importance of that close contact will be appreciated, particularly in view of the extensive building program which must be instituted in the immediate future. Hence, specifically during the transition period, it would seem advisable to maintain the present representative form of election.

NOTES

You can reason with anybody except the righteous man who thinks law-breaking harmless when his family does it.

The mystery is why they can't settle a strike as easily before losing millions as they do after taking the loss.

What a world. Every time you get sick and need a little sympathy, your wife gets sicker and needs more.

Song and the West

By J. H. GRAY

A COUPLE of the boys were whooping it up in the next room and the whooping turned to song. Strained through the plaster and lath of a hotel wall, the singing was passable. They sang the songs people always sing. They sang "Swanee River," "My Old Kentucky Home," "Home on the Range," "When It's Springtime in the Rockies," "The West, a Nest and You," "Bless 'em All," "Bury Me Not on the Lone Prairie."

To a lonely westerner lying on a hotel bed, there was something deep and significant in the singing. Why, when people relax and turn to singing, do they invariably, instinctively, sing the songs of the west? Why do they never sing songs of the east?

Anyone who has ever gathered around a piano of an evening knows this to be true. People do sing these songs. And no matter how the program develops, the western songs come in. There was a time, long ago, when the songs of the Irish, written mainly by Irish-Americans, were most popular. But even then "My Little Grey Home in the West" held up its end very well. The facts are as stated. But why?

PONDERING this, as the singing moved into the glorious music from Oklahoma, I found an answer. It is simply this—no one ever writes a song about the east, so how can people sing one? Yet this was simply begging the question. Why do songs get written about the west and not get written about the east? Or, what is there about our west which so deeply inspires song writers? And why is there nothing about the east which can be brought out in song?

To the people of the west, of western Canada and western United States, the answer is too deep for words. Their parents came to these lonely lands with songs on their lips. They sang in covered wagons that moved across the southern plains. They sang in the open wagons and Red River carts and the long boats that moved them north and west across New Canada. They sang.

THEY SANG at box-socials to fiddles and jews harps. They sang at church socials to the hand-pumped organs. They sang on the doorsteps of rude farmhouses as night closed in. They sang in the barnyard and on hay-racks. Or they sang in boxcars, in jungles and even in relief camps. They sang.

Always, in the singing, the theme was the west and the future. Nostalgia for home back east, and friends back east? How seldom have these a place in western singing. They sang about their land, their people, their future even after they had lived through the bitter winters of the west, through the searing summer with succession of drought, hail and insects. They sang when there was precious little to give lightness to any heart. Perhaps, to cynics, that explains everything. But it is not the sort of explanation any westerner will accept.

THE SINGING GOES on. The urge to get up and dress and crash the party is strong. But it is not strong enough. The words drift softly through the wall . . .

"Give me land, lots of land, under starry skies above. . . Where seldom is heard a discouraging word and the skies are not cloudy all day. . . Oh, we belong to the land, and the land we belong to is grand. . ."

Look at the eyes of the people who sing these songs. They are moist and laughing and dancing. Even homesickness in a strange hotel in a strange city drifts away. Sleep comes easily and peacefully and you dream of the grass on the boulevards and the sweetness of the air when the wind comes right behind the rain.

Imperial Preference

From the Winnipeg Free Press

For many years the Conservative party has felt it is the special guardian of the system of Imperial Preferences. It usually discusses this subject with an emotional intensity that produces more warmth than light. But a new chapter in party doctrine has opened with Mr. J. M. Macdonnell's statement in the budget debate.

He says the Conservative party is ready to move away from the Imperial Preference system if there is a general reduction of tariff barriers that gives Canada compensating advantages elsewhere, particularly in the American market. This is exactly the policy expressed by the Liberal government on many occasions.

In fact, the Conservative party's new approach is really a return to the classic conception of Imperial Preference. Sir Wilfrid Laurier saw no contradiction between helping to build this system of Imperial trade in 1898 and 1904 and then striving in 1911 to achieve reciprocity with the American people.

Imperial Preference, as originally conceived, was not meant to create an exclusive trading area. It was to be a method for freeing trade within the Empire and thus helping to expand the total volume of world trade. This purpose gradually became overlaid and obscured with the passage of the years. . .

This entire question comes up for review at the world trade conference which meets some months from now. As Sir Stafford Cripps has informed the British House of Commons, it is impossible for Britain, by herself, to end Imperial Preference by agreement with the United States. All countries, like Canada, which benefit from the preferred rates, must be associated with the decision.

It is welcome news that the Conservative party is ready to discuss this problem coolly and in economic terms. It will be even better news if it sticks to this decision.

GLOBAL SURVEY

By DEWITT MACKENZIE
Associated Press Foreign Affairs Analyst.

State Secretary Byrnes of the United States in his broadcast on the results of the Big Four Foreign Ministers' conference in Paris has dealt the cards face up.

The report throws much light on disputes that have been puzzling and worrying the public, and it therefore is worthy of careful study. There are, however, two points of peculiar interest inasmuch as they concern relations with Russia—the paramount question of the day.

The first of these points deals with the fact that, as Mr. Byrnes says, the conference "made no progress at all" on the German question. After calling attention to the United States' offer to make a treaty under which there would be guaranteed the "continued demilitarization and disarmament of Germany for at least a quarter of a century," the State Secretary says bluntly:

"I do not believe the Soviets realize the doubts and suspicions which they have raised in the minds of those in other countries who want to be their friends by the aloofness, coolness and hostility with which they have received America's offer to guarantee jointly the continued disarmament of Germany."

Now Mr. Byrnes doesn't define the "doubts and suspicions" to which he refers, and I don't propose to try to read his mind, but I do know the doubts which have been troubling many professional observers of the international situation. One of the first questions raised is whether the Soviet Union's refusal to play ball in Germany is based on any desire of Moscow to gain control of Germany and thereby further the expansion of Soviet influence.

The second point is Mr. Byrnes' statement that "in the long run we shall have a much better chance to work out our problems if we and our Allies recognize the basic differences in our ideas, standards and methods, instead of trying to make ourselves believe they do not exist or are less important than they really are." That strikes me as getting us down to rock bottom. Here again the State Secretary doesn't define the basic differences, but they are clear enough if we dare to face them.

IS 40 TOO OLD TO EXERCISE?
How strenuously you should exercise is not so much a matter of years as "condition". Usually the man, or woman, who leads a "soft" life should avoid violent exercise after 40. Yet lack of exercise and too much rich, fatty food often cause an overloaded system clogged with toxic waste—and may lead to "middle-age" spread.

An Era In Elegance In Women's Fashions

NEW YORK (AP) — Visiting fashion editors representing newspapers throughout the United States had a preview today of a new era of formality and elegance with Victorian overtones at Ben Reig's showing of advance styles for fall and winter.

Opulent evening gowns, with greater elaboration than has been seen in many years, were the highlight of the showing, which stressed a new formality in both day and evening costumes.

Both the number and lavishness of the formal styles suggested the designer is preparing his public for a season of social brilliance. The evening gowns are done in rich, stiff brocades, many with wide bouffant skirts held out by hoops, and boned corselet bodices.

Heavy rustling taffetas and sleek slipper satin are other fabric favorites of the collection. Many are further ornamented by elaborate embroidery of jewels or sequins, and filmy overskirts of marquisette.

Thelma Sharpe Weds Vancouver Man

A wedding of interest in this city and in Vancouver took place on the evening of June 29 at St. Martin's-in-the-Field Church, when Thelma Katharine, youngest daughter of Mrs. A. W. Sharpe of Cadboro Bay and the late A. W. Sharpe, became the bride of Glynn Price Stoneberg, youngest son of Mr. and Mrs. F. Stoneberg of Vancouver. Canon A. E. Greenhalgh officiated.

The bride was given away by her eldest brother, A. H. Sharpe, and wore a green dressmaker suit with black accessories and corsage bouquet of Talisman roses and swainsona.

The only attendant was Mrs. Brenton Varcoe, who wore a navy blue suit with grey accessories and corsage bouquet of carnations and tiny rosebuds. The groom was supported by his eldest brother, John Stoneberg of Vancouver. Ushers were George Carter and Arthur Shipway, cousins of the bride.

A reception was held at the home of the bride's uncle and aunt, Mr. and Mrs. P. H. Walker, 743 Selkirk Avenue, where Mrs. Sharpe assisted the bridal couple in receiving the guests. L. A. Robins proposed the toast to the bride.

Mr. and Mrs. Stoneberg will make their home at 428 East 5th Avenue, Vancouver.

Organize Guild Of War Widows

SYDNEY, Australia (CP) — War widows of Sydney are soon to have a War Widows' Craft Guild, similar to one already established in Melbourne, the object being to enable women to augment their government pensions.

The guild arranges training in useful and profitable craft work, which can be a remunerative part-time job, easily run in conjunction with housekeeping.

Other work is being done by the Family Welfare Bureau, which has handled 9,000 cases of family problems during the last five years. It now handles 120 cases a month.

P.T.A News

Esquimalt—A telephone court whist party was held last week under the convenership of Mrs. E. M. Briggs. Other hostesses were Mesdames T. Dixon, T. Bryant, F. H. Sheldrake, W. J. Parry and T. W. Hobday.

Hollywood Visitors Enjoy Victoria Hospitality

Robert Cummings, Hollywood producer and actor, left, with his wife, third from the left, and Mr. and Mrs. W. C. Mainwaring at the Mainwaring home on Rockland Avenue. The Cummings left for Vancouver Monday evening after spending a week-end of sight-seeing in the city.

To Banff For Study

Miss Phyllis Kerr, 1124 Summit Avenue, daughter of Major and Mrs. E. H. Kerr, has left Victoria for Banff to study at the Banff Summer School of Fine Arts. British Women Fight Rationing

LONDON (Reuter)—The increased bread allowances for British children announced today by Food Minister Strachey do not impress Mrs. C. Tennant, chairman of the Face-the-Facts Association, which plans to fight bread rationing and all controls affecting the British housewife.

In an interview tonight she accused Mr. Strachey of "jiggery-pokery" and said: "Why does he not go to Mr. Gardiner, the Canadian Minister of Agriculture, who stated in December, when he visited England, that Canada could supply Britain with all the wheat she wanted in 1946 and say to him: 'Come on, let us have this wheat. We have plenty of ships to bring it over here.'"

Mrs. Tennant, not satisfied with Mr. Strachey's comments in the Commons today, said if there is to be a shortage the British housewife would rather have it under freedom than under control.

Maori Woman Wins Degree

AUCKLAND, N.Z. (CP)—One of the few Maori women to have won a university degree is Miss Miraka Petricevich who has graduated as a batchelor of arts at Auckland University College. Until the present, very few native women have taken university courses but it is though that her success may encourage others.

Many Maori men have graduated from universities, and one, Dr. Peter Buck, has achieved world-wide recognition for his studies in anthropology. He is head of the Bishop Museum in Honolulu and has been guest professor at Yale.

'Bare and Flare' Say Hollywood and Paris

Get ready, girls, to add to your wardrobes gravity-defying boned brassieres which have cut out for them the job of holding up new strapless evening gowns.

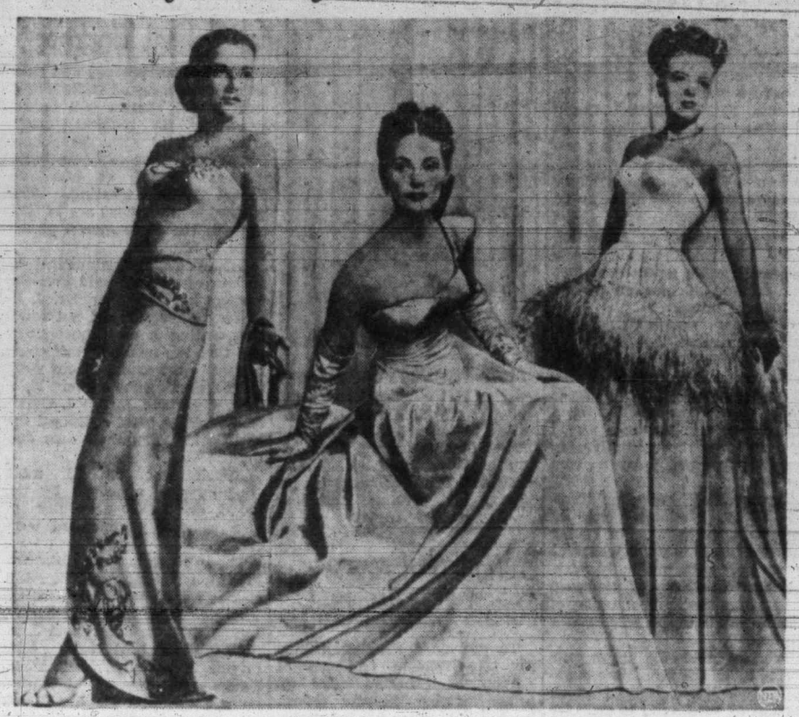
Both Paris and Hollywood have succumbed to the allure of almost topless dresses which bare the shoulders, back and part of the bosom. A New York magazine editor, back from Paris, gives a helpful hint on how not to look naughty when you wear these dresses. She says: "If a girl hold herself well, this new decolletage looks neat and fresh and very elegant."

What the bodices of these dresses lack, the skirts more than make up for with yards of drifting net, layers of tulle, lavish embroidery, tuftings of feathers and peplums of plumes.

In Hollywood, three top designers who dressed the lavishly-outfitted cast of "Do You Love Me" all took a turn at the strapless gown with results as electrifying as the successes from Paris.

Hollywood designer Edward Stevenson contributed the gown of sky blue moire, pictured above centre, made with one bare shoulder and a full skirt that flares like an unfurled fan. Long gloves, alight with silver embroidery, sapphires and pearls supply the fireworks.

Right, a strapless bodice of white moire, boned, fitted and laced up in the back like a corset was designed by Rene Hubert to top a skirt of billowing white chiffon. This is sprinkled with silver sequins and has an all-around peplum of white ostrich feathers.



Designer Yvonne Wood combined the new decolletage with an Oriental theme, left, to make a sirenish gown of turquoise-colored crepe, embroidered with crystals and silver. A long, matching scarf designed for wear as a cape or headdress was added to relieve a slinky silhouette.

Children's Party — The party for children of St. George's Church Sunday School was held at the "Alders," home of Capt. and Mrs. V. C. Best, Ganges Harbor. Conveners were Mesdames V. C. Best, M. Smith, K. Butterfield, Wolfe-Milner, Misses E. Price and K. Popham. Kenneth Price was in charge of tennis. Rev. G. H. Holmes presented prizes to the following children: Carol Rogers, attendance; Patricia Cartwright, senior class; Carol Rogers, junior class.

Youngsters With Poor Sight Helped To Overcome Handicap

TORONTO (CP)—Young Jimmy had failed to pass his examinations. His teacher complained that he fidgeted, wouldn't pay attention, teased his classmates. But it wasn't Jimmy's fault. His eyesight was so poor he couldn't even see the blackboard.

When the school nurse advised that he be sent to a sight-saving class, his mother at first objected, fearing it might make Jimmy feel cut off from the normal activities of boys his own age.

"How wrong she was," said Miss Edna Bogart, teacher of the sight-saving class at Jesse Ketchum School here. "A child with Jimmy's eyesight has to have a special desk, he can't compete with youngsters with normal eyesight, he falls behind. In the sight-saving class he is with children who are having similar difficulties. He learns how to ignore his handicap and become skilled at whatever he can do best."

Unsung heroes and heroines of the classrooms are the teachers in Canada's 10 sight-saving classes in Vancouver, Toronto, Ottawa, Hamilton, Montreal and Halifax. It is through their patience, and understanding that these children not only are being given a chance at an education but also are gaining much needed self confidence.

At present the classes only stretch from primary to second-year high school but one day it is hoped to place them in the vocational schools.

In Ontario, even children in rural schools are receiving the sight-saving class advantages. Nearly 200 special sight-saving units have been sent out to country schools.

There is an easy and fun-loving atmosphere about the sight-saving room at Jesse Ketchum which is not always found in the average school room. In her class of not more than 16, Miss Bogart teaches grades from three to 10. The children come from all parts of the city and suburbs and even some of the seven-year-olds travel miles daily by streetcar.

"But we are not afraid for them in traffic," Miss Bogart said. "They know they must keep a sharper lookout for cars than other children."

USE MOVABLE DESKS

They sit at movable desks, so they may push them right up to the blackboard if they can't see clearly. They are free to move around the room as they please and seldom do book work for more than 15 minutes at a time. Special lights over the blackboards eliminate any glare and the room is bright on the dullest day.

Bright pictures decorate the walls, all done by the children. Miss Bograt's wicker waste paper basket was woven by one of her pupils. Such handwork is taught during eye rest periods.

Their books are special large print copies of the standard texts. Their writing paper is cream colored and heavy black pencils are used.

"Most of all they're taught self-assurance and how to get along on their own," said Miss Bogart.

And do these children get better? "Not many," said Miss Bogart. "We have had the occasional one who has been able to return to the usual classroom but for the most part they must prepare to go through life not regarding their eyesight as a handicap. One thing, though, their eyesight will not become worse in our class and what little vision they have is conserved."

And what of them once they leave school? Miss Bogart recalled a former pupil who now is in business for himself.

"He was in to see me the other day," she said. "'Certainly,' he told me, 'I can't read books and I can't even read the newspapers but then I can read the headlines enough to know what's going on, and I can listen to other people talk. That's how I manage to get along'."

If You Are a No.1 Citizen You will look after No. 1 . . .
THIS is not selfishness, but the realization that a community is no better, no sounder than its citizens.
The welfare of our community — Canada — depends not alone on those charged with the government of the country, but on each of its citizens — 12,000,000 strong.
Today, that welfare is menaced by the danger of inflation. Already, millions in lands devastated by war suffer misery because of it.
Inflation, to the citizen, means simply less and less value for his dollar . . . his living costs soar as free and careless spending drives up the price of goods still in short supply.
War always brings the threat of inflation in its wake . . . only the prudence of the people can keep it in check.
• • •
How? Mainly, by conservation . . . by buying only those goods which are in fair supply, and by saving money for the day when goods now in short supply will be readily available.
This helps to keep prices steady — to keep your dollar at its real worth.
This means that, if you are a No. 1 citizen, you will rigidly avoid black market purchases and you will save money by
- building up your savings account;
- keeping up your insurance;
- buying Government bonds and War Savings Certificates;
- holding whatever of these securities you have bought.
This is conservation — the first requisite for personal security — the first attribute of good citizenship.

OLD VIRGINIA

PIPE TOBACCO

FOR ROLLING YOUR OWN, TRY OLD VIRGINIA FINE CUT

Text By John Gough Authorized For Use In Schools Of B.C.

The second geography text written by John Gough, municipal inspector of schools, has been authorized as the official text for Grade 6 in the course in social studies for B.C. by the Department of Education.

"Old World Horizons," is a companion volume to the "New World Horizons" by the same author, which is used as the official text for Grade 5 classes throughout the province.

In the book, which is 300 pages long, Mr. Gough deals with Europe, Asia, Africa and Australia as a study in social geography. Last year the book was used as a reference text and the first edition of 2,000 copies is now sold out.

Mr. Gough was Saanich school inspector prior to the amalgamation of the Greater Victoria school district, and he now works with J. F. K. English as municipal inspector for the whole area.

He took all his public and high school education in Victoria, and obtained his B.A. from the University of B.C. He did post-graduate work at the University of Washington, where he was awarded his M.A. degree.

In both his volumes Mr. Gough emphasizes the social aspect of geography, with history playing a major part in the material contained in the books.

Mayor Asks Support For Drama Festival

Support of all Victoria citizens for the International Drama Festival, to be staged at the Royal Victoria Theatre, Aug. 5 to 13, was asked today by Mayor Percy George.

"This is one of the most important events of a cultural nature that has occurred in Victoria," the mayor stated, "and those responsible for putting it on are to be highly commended."

He said the value to the city could not be over-estimated and that it was the duty of local citizens to support it to the fullest extent, as competitors will be coming from all parts of Canada and the United States.

Town-Planning Expert Goes To Okanagan

First survey to extend town-planning provisions beyond municipal boundaries into unorganized territory will be undertaken at South Kelowna by A. G. Graham, supervisor of the regional planning board of the Bureau of Reconstruction.

Mr. Graham has left for Kelowna. He will also visit other Okanagan centres.

An act passed by the B.C. Legislator at the last session provided for the provincial government to control building activity on the fringes of cities through adoption of planning regulations. It is understood that where ratepayers in a district petition the provincial government for development of sewers and other utilities arrangements will be made to provide these through a special tax assessment.

Election Procedure Provides Problem For School Board

The knotty problem of devising procedure for election of the Greater Victoria School Board next December proved too much for Monday's board meeting and the whole question, after nearly an hour's discussion, was tabled for a special meeting of the board later in the month.

The Department of Education wrote the board asking for a recommendation on the structure and method of election of the permanent board.

Chairman Austin I. Curtis pointed out that the first question to be decided was whether or not the nine members would be elected at large throughout the whole district, or whether each of the four municipalities would elect its own representatives to keep the present balance from the four.

Trustee M. P. Paine and Trustee M. A. Edmonds, both of Saanich, were in favor of having the elections on a municipal basis to start off with, gradually working towards election of the board at large as the amalgamation of Greater Victoria became nearer fruition.

Trustee Waldo Skillings, supported by all the remaining members of the board, favored "starting out as we intend to go." He pointed out that it would be virtually impossible to change the method of election once it was set. To elect by municipalities would do nothing but perpetuate sectionalism, he declared.

Trustee Paine, on the other hand, stressed that if any municipality should find itself left out of the picture on the new board it would feel that its interests were not being looked after, and might even vote to defeat any school by-law put to the people, as a result.

Miss Isla Tuck suggested that School Board elections might be deferred a year until many of the difficulties under the new set-up were ironed out. However, Mrs. H. A. Beckwith and Trustee Skillings were strongly opposed to this as "undemocratic," pointing out that some of the former School Board members who were voted out of office under the new set-up might like to try again.

Trustee Skillings, in his original motion, suggested that five be elected for two-year terms at the next election and four for one year.

Trustee R. H. Green questioned how nomination papers would be filed if the elections were held at large, and suggested that the secretary-treasurer be empowered to accept them and to notify returning officers in all four municipalities.

Ambulance Division Holds Annual Picnic

A horse-shoe pitching tournament, fastball and novelty races of all kinds highlighted the annual picnic of the Victoria Ambulance Division, No. 65, St. John Ambulance Brigade, held at Sunshine Camp, Sooke, Sunday.

The varied program of sports was sponsored by the men's division. Following a picnic supper, a campfire session was held.

GUEST PREACHER — Rev. Dr. Douglas H. Telfer of Point Grey United Church, Vancouver, will be the preacher at Metropolitan United Church during the vacation of Rev. Dr. A. E. Whitehouse. Dr. Telfer will preach next Sunday and continue until the end of August.

Edinburgh Group Forms Canada Club

To provide a meeting ground for all Canadian residents of Edinburgh, Scotland, and to bring together in the fellowship of a common interest Scottish people who have resided in Canada or who have friends or relatives in the Dominion, a Canada club has been formed in that city.

Word of the organization of the club has been received by Jack Gower, 2212 Belmont Avenue, who earlier in the year returned from overseas service with the R.C.A.F., and who is now continuing studies at Victoria College. He was stationed for some time in Scotland. Relatives in Edinburgh wrote him of the formation of the club.

One of the purposes of the group will be to make direct contact with organizations in Canada which are representative of present-day Canadian life and thought, and arrange for an interchange of views, ideas and information. Correspondence should be directed to the secretary of the club, Miss Joy McLaren Henderson, 18 Grange Road, Edinburgh.

Membership of the club is open to anyone born in Canada, anyone who has resided in Canada, and anyone who has relatives or friends in Canada. Already the membership includes more than 50 persons.

Described As Threat

TORONTO (CP)—E. B. Jolliffe, Ontario C.C.F. leader, speaking to a union rally at Queen's Park here Monday night, said the appointment of a controller in the steel plants threatened the workers' right to strike—a right that would not be given up by the steel workers.

W. H. Davies, representing the Family Welfare Society; Mrs. E. Harwood, ladies' corps superintendent; Alex M. Jarvie, division superintendent, and William Fulton, president, Division No. 65, spoke briefly.

Board Calls For Health Certificates For School Workers

All teachers, janitors and cafeteria workers in the Greater Victoria school system will be required to file medical certificates annually with the School Board, and prior to being hired it was decided at Monday's School Board meeting. The medical examinations are to take place in the three month period prior to Sept. 1.

J. F. K. English, municipal inspector of schools, said that the medical health officer, Dr. J. L. Murray Anderson, did not favor this, stating it was unnecessary and that the medical staff could not make the examinations without negelecting the schools. However, Chairman Austin I. Curtis said that the staff could get the certificates from their own doctors.

Appointment of 33 more teachers was approved by the board, and salary schedules for nine previously appointed were set.

Those receiving appointments for high schools and special classes were Miss Sheila Stanley, Victoria High School; E. W. Lythgoe, H. A. Batey, and J. E. Spiller, industrial arts; Miss Phyllis Harrington, Miss M. J. Davis, and Mrs. I. McGuire, home economics; George Grant, physical education supervisor, and Mrs. Edith Rose King, Mount Douglas High School.

Those receiving appointments to the elementary school staff were Miss E. E. Weir, Miss Elvira Collen, Miss G. E. Sweatman, Miss F. L. Henderson, Miss M. E. Patmore, Miss Marion Williams, Miss L. H. Dion, R. Briggs, Miss G. E. Richards, Miss E. Johnson, Miss S. Kurtin.

Miss F. M. Burne, Mrs. K. B. Davidson, W. S. Chater, George Love, Denis Brown, Miss Shirley Mather, Miss H. E. Cove, Miss L. Kinley, Miss Helen Lawson, Miss Lillian Burton, Miss M. King, Miss V. Naftel, and Miss Joan Dilworth.

In three instances where the salary schedule would bring the teachers on the staff at less than $1,200 per annum, their pay was raised to that figure.

Resignations were accepted from Miss M. E. Scholefield, K. M. Sturgeon, D. W. Cobbett, Mrs. Alva Cobbett, Miss W. Bracher, Miss M. E. Bond, Miss M. Hamilton and Miss J. M. McLagan.

Trustee M. A. Edmonds was instructed to make arrangements with the Victoria and District Trades and Labor Council for a delegation from the labor group to inspect schools and check their construction. It was suggested that the inspection might be left till September when school principals would be on hand to conduct the delegation around.

School enrollment at the end of June was 9,011 Mrs. H. A. Beckwith reported for the education committee.

LANGFORD TEAMS WIN

Langford girls took the measure of Sooke 16 to 10 in a fast ball game played over the week-end. The Langford men's B team of the Colwood and District Fastball League defeated Luxton Royals at Langford Sunday 6 to 2.

Belting Musial Paces Cardinals To Victory

Boston can have Ted Williams, its colorful thumping outfielder, St. Louis fans will take Stanley Frank Musial the belting Pole from Donora, Pa., who is punishing National League hurling at a .367 clip and leading Eddie Dyer's Red Birds in their drive to overtake the league lead from Brooklyn Dodgers.

The 25-year-old star, who leads his league in hits, runs scored, doubles and triples has enjoyed some of his biggest days at the plate against the Dodgers.

Before 26,476 fans at Sportsman's Park last night, Musial sparked the red hot Cards to a 10 to 4 victory over the Brooks by smashing four hits in five trips to the plate, including a homer and triple.

The victory was the Cards' third in a row over Brooklyn and it narrowed the Dodgers first place margin to 1½ games.

Chicago's third place Cubs advanced to within 4½ games of Brooklyn as Hooks Wyse pitched the defending National League champions to a 3 to 1 victory over New York Giants.

Although defeating Pittsburgh Pirates 3 to 2, Boston Braves dropped into a fourth place deadlock with Cincinnati Reds, who downed Philadelphia Phillies, 4 to 2.

In the American League, Detroit Tigers defeated the slumping New York Yankees 2 to 0 behind the two-hit pitching of Freddie Hutchinson before 39,893 night game fans at New York.

It was Detroit's third straight triumph over the Yanks and moved the third-place Bengals to within 1½ games of the runner-up Yanks.

Penetang Phil March Iidon of Philadelphia Athletics also turned in a two-hit triumph, whitewashing Chicago White Sox 12 to 0.

St. Louis Browns fell into a fifth-place deadlock with Cleveland Indians, who, along with the front-running Boston Red Sox, were not scheduled. The Browns lost 4 to 2 their battle with Washington Senators.

Jack Okell Star As Hoyle-Brown Capture Fastball

With Jack Okell in the spotlight with four hits in five trips to the plate one of them a three-run homer, Manager Lloyd Jones' Hoyle-Brown senior fastballers took the measure of Wally Smith's cellar-berth Canadian Legion 10 to 3 Monday night at Central Park.

The turnout of fans, around 200, saw the Hoyle-Browners display too much power at bat for Legion and they had six runs before finish was written to the second inning.

Smith's colorfully-uniformed legionnaires made the scoreboard for all their runs in the third. After the second frame they held Hoyle-Brown scoreless for the next five sessions at bat, but in the last of the eighth the winners went on a splurge again and sent four runners over the route.

Legion used two men on the mound to try and hold the Hoyle-Brown nine down. A quartette of hits was got off Rudy Dendies and six more were collected from Ted Minnis, who took over in the second frame. Stan Tenning, who was rather wobbly at the start, settled down after Legion's big third inning, and pitched good ball.

OTHER RESULTS

Senior B Legionmen, managed by Tommy Johnson, are making a much better showing on the diamond than their elders in the veterans' uniform. A hot single by "Dodo" McKay, pitcher, in the ninth provided the punch that gave Legion a 7 to 6 triumph over Brentwood Aces in a league tangle Sunday. Monday night they added another mark in the victory column by handing Dominion Meat Market an 8 to 3 beating. The Legion guns really sounded off in the fourth. They pounded pitcher Nicholas' offerings lustily and sent six runners around the bags.

Other league games Monday saw R.C.N.A.D. beat Army and Navy Vets 7 to 2 in a men's senior B-B game; Army and Navy Taxi girls handed Hot shots a 17 to 5 trimming in a women's B-B fixture and Walter Yeamans Hopefuls nosed through with a 7 to 6 decision over Hudson's Bay girls in a fair-sex B division, A section encounter.

A's Enjoy Off Day; Meet Tacoma Tonight

Victoria Athletics enjoyed an off day in Western International League baseball Monday. Tonight the club opens a seven-game stand against the Tigers at Tacoma following which they play a split series with Spokane and Wenatchee which will keep them occupied until August 1. They make their next home appearance here August 2 against Spokane.

Club will be further strengthened this week by the addition of Stan Gray, former Coast League third baseman with Seattle and Los Angeles. Gray is expected to join the club tomorrow.

In the only game last night Wenatchee nosed out Spokane, 3 to 2.

Short score follows:

	R.	H.	E.
Wenatchee	3	10	3
Spokane	2	6	3

Batteries: Orphan, Babbitt (9) and Fitzgerald; Raimondi, Bakamus (7), Tising (9) and Varrelman.

Williams Makes Determined Bid For Batting Lead

CHICAGO (AP) — Washington's Mickey Vernon still is setting the pace with a .357 mark, but Ted Williams booming bat is really rocking the boat in the American League batting race.

Williams climbed six points during the week to wrest the runner-up spot from his Boston teammate Dom DiMaggio, with .353, only four points behind Vernon.

The eight hits terrific Terry belted in 18 trips included a record-matching trio of single-game homers Sunday which helped increase his lead in three specialized departments.

In the important runs-batted-in column, Williams hoisted his total 10 to 82 for the season. He now heads the homer parade with 26 and is tops in runs with 89.

Vernon collected only six safe blows in 22 trips to slump seven points, the same drop suffered by DiMaggio who settled in third spot with .342.

HOPP TAKES LEAD

NEW YORK (AP) — Johnny Hopp, speedy outfielder of Boston Braves continued his torrid batting pace during the last week to lift his average eight points to .371 and vault over Dixie Walker of Brooklyn Dodgers into first place in the National League's batting tournament.

Including games of Sunday, Hopp collected nine hits in 19 trips to the plate while Walker picked up only five safeties in 15 times at bat to drop from .368 to .366.

Stan Musial of St. Louis Cardinals, who fell to third place last week, added 10 points to his mark to boost his average to .360, 20 figures higher than possessed by Johnny Mize of New York Giants.

Musial paces the circuit in four vital departments, leading in runs scored, 64; hits, 117; doubles, 26, and triples, eight.

Murphy Attempts To Organize Boston Club

PITTSBURGH (AP) — Robert Murphy, Boston-born organizer of the American Baseball Guild, met Monday with 19 members of Boston Braves baseball team in an effort to unionize the club.

At a closed meeting at the team's hotel headquarters, the players pledged themselves to secrecy and would not discuss what transpired. Murphy also declined comment but did say no strike action involving the Braves was contemplated while the team was in Pittsburgh

Murphy added it would be a week before "anything" would be given out publicly about what took place at the meeting.

Brian Hopkins Winner In Gyro Golf Tournament

Brian Hopkins of Vancouver was the individual top man in the annual Gyro District Four golf tournament held Sunday at the Colwood Club when he posted a gross 76 to capture the Greg Yorke Cup. Forty-six took part in the tournament, clubs represented being Victoria, Nanaimo, Vancouver, Burnaby and New Westminster.

The cup donated by Bud Hocking to the member turning in the lowest net score was won by Wally Mayers of the New Westminster club. He had a 69. To Hocking went the runner-up laurels for low gross, 97.

The Gifford Cup, the team silverpiece in the tournament, was taken by New Westminster with a 70. Team was composed of Ted McEwen, Sid Shaw, Dunc Williams and Vic Butler. Vancouver finished second with a 73, this team being made up of Hopkins, Art Weeks, Al Sutton and Wilf Russell. Victoria team, composed of Gordon Law, Alex Straith, Howard McCarthy and Hocking, took third-place laurels with a 75.

Other prizes were won by Lorne Watson, Mac Flett, Sid Shaw, and Williams of the New Westminster club; Rod Matheson, Burnaby; Clyde Savage, Burnie Rogers, Earl Ebey and Denis Humphries, Victoria, and Weeks, Vancouver.

Retains Golf Title

Ken Lea, Uplands, retained the city junior golf championship at the Gorge Vale Club Sunday, turning in a 36-hole medal score of 166.

In second place, one stroke more was H. Herbertson, while L. Kerr and P. Fanthorpe tied for third place, each with 172. Gordon Dods finished with 174 and L. Carroll had 176.

Prizes will be mailed to the winners.

Crack Touring Negro Baseball Clubs In Action Here Tonight

Professional baseball, negro variety, will be offered the fans at Athletic Park tonight and tomorrow evening, when the touring Havana La Palomas and Chicago Brown Bombers appear in two exhibition games, starting at 8.

La Palomas are a club assembled from stars of the Cuban Winter League, while Brown Bombers are members of the Negro American League.

Brown Bombers are under the management of peerless Elwood (Bingo) De Moss, long one of negro baseball's outstanding pilots and in his playing days a star with Chicago American Giants.

An outgrowth of the Chicago Palmer House Indians team which took third place in the Wichita national tournament some half dozen years ago, the Brown Bombers have compiled an array of players from the Negro major leagues, colleges and returned servicemen that can, and does, hold its own with the best of opposition. They tour every section of the United States during the season and occasionally are featured as a home team in Negro games at Chicago's Wrigley Field.

A glance at their roster would indicate to followers of Negro baseball the strength of the club, such names as Roosevelt (Duro) Davis, George Waller, Gip Noble, Bilbo Williams, Al Morehead, Lefty Thompson and Otis Patterson standing out. Davis is one of the top name Negro pitchers.

In addition to their regular baseball the touring clubs put on a lot of comedy, featuring Ed Hammam, recognized as one of the game's greatest clowns.

Coach McKinnon Praises Young Swimmers On Eastern Invasion

"There were only two Canadian swimming records smashed at the national meet in Hamilton on the 5th and 6th of this month —and it was our boys, Peter Salmon, Eric Jubb and Jack Creedon, aided by Nick Stobbart of Vancouver, who did it," said Archie McKinnon, coach of the Victoria Flying "Y" Swimming Club, at Monday's luncheon meeting of the Gyro Club.

Just back from their highly-successful eastern invasion, the local coach, who was selected to handle Canada's track and field team for the 1936 Olympics in Berlin, and his junior threesome were guests of the Gyros.

At the back of the grillroom was a table covered with the silverware the three lads picked up in the Vancouver invitation meet last week-end—18 cups in all—and a half dozen gold-medals they won in the Dominion championships.

McKinnon gave the Gyros this picture of the trio's accomplishments in the Hamilton competitions:

Salmon—Broke the Canadian record in the 100 yards junior breaststroke, won the national title in the 100 yards freestyle, was a member of the junior freestyle relay team which shattered the old national mark for the 200 yards distance. "In my opinion he is the best swimming prospect the "Y" has ever had. He will be 17 in August."

Jubb — Won the Canadian championship in the 100 yards backstroke junior event, second to Salmon in the breaststroke competition, was one of the four boys who cracked the 200 yard freestyle time. "He came within two seconds of breaking the record, is only 16 and I thnk he will break it before he reaches 17 and has to enter the senior ranks."

Creedon—Third in the 100 yards freestyle and, along with Vancouver's Stobbart was, contributed to the 200 yard junior relay record-breaking feat. "Jack is only 16 and shows good promise."

The coach said it was not until he arrived in Vancouver that he heard about the death of Sid Thomas, sports editor of the Colonist. "I was sincerely sorry to hear about it for Sid was certainly a fine fellow and a great friend to the sporting ranks," he declared.

SUFFER FROM HEAT

The sweltering heat encountered from Winnipeg on took a great deal out of the boys, the coach said. "They were thoroughly exhausted after swimming only one length the first time in water in Hamilton. McKinnon went on to tell how he employed a campaign of his own personal design to get his wards in top shape for the competitions "and if the boys lost I was willing to take the blame for their defeats because they followed my plan to the last detail."

McKinnon again thanked the Gyros, other local clubs, the city and individuals for the fine way they came forward to provide money to make the trip possible. The three swimmers spoke briefly each expressing thanks for the generous support accorded them.

Foul Bay-Tillicums In Lacrosse Clash

Keith Ludbrook's Foul Bay boxla boys will make their first start of the season tonight in the senior circuit of the Victoria Box Lacrosse Association when they go up against Tillicums at Stevenson's Memorial Park. Game will start at 6.45.

Ludbrook's webbed-stick weilders are mostly youngsters who in prewar days fought their way to provincial laurels in junior company. According to the coach the Foul Bayers average around 21 years in age.

Tillicums have already made a pair of starts in this season's play. They won one and lost the other. Entry of the Foul Bay unit into the 1946 boxla campaign builds the senior circuit up to five teams.

PAFKO REJOINS CUBS

CHICAGO (AP)—Andy Pafko, regular centrefielder of Chicago Cubs, defending National League champions, is ready to resume playing. Pafko has been out since June 1 with a sprained right ankle, the result of stepping on a baseball that had slipped out of his glove in fielding practice.

Tiger Jack Fox At 39 Takes Honor Of Dean Of Fighters

SAN FRANCISCO (AP)—The question has been put to us: "Who is the oldest active boxer in the United States today?"

This would be a stumper except for the fact there is a negro heavyweight named Tiger Jack Fox in Spokane, Wash., who is going along with a fine disregard for the average age limitations.

Fox is exceedingly coy about his age but Nat Fleisher's record book lists him as having been born April 2, 1907, in Indianapolis. This would make him 39 years old and if he isn't the dean of fighters he can hold the title until somebody trots out an older candidate.

For a check at the source, the aid of two Spokane sport writers, Clarence Moore and Bob Johnson was solicited, but the sum total of their efforts seems to add up to confusion. Moore reports that Fox admits to the age of 38. Johnson is more liberal with figures, submitting a range of between 45 and 55 but it is just possible he was thinking of his last golf score for five or six holes.

In view of this disparity and the fact that Fox is disinclined to discuss his age, his record book listing of 39 will be considered official for the time being.

As noted, Fox is still going strong and he wins more decisions than he loses and his showing during 14 years as a professional is creditable.

Powerboat At Stake In Fish Derby Sunday

With over 800 members Victoria Saanich Inlet Anglers' Association is making arrangements to handle a heavy entry for its second membership salmon derby at Saanich Inlet Sunday. A prize array which even betters the list at stake in the curtain-raising rod competition of 1946 has been secured for this derby as a result of the energetic efforts of the committee in charge, Freddy Smith, Les Dicks, Bill Archer, assisted by the angling clan's president, Harry Woolston.

Release of the prize-list today reveals there are eight awards for the largest fish taken. In addition there is a pair of worth-while consolation prizes and several "specials."

POWERED BOAT FIRST PRIZE

Topping the list, and to go to the derbyists snaring the day's weightiest spring salmon, is a 12-foot inboard-powered, clinker-built boat. No. 2 prize is a large consol radio. Third, is a silver tea set complete with tray. Others are: Fourth, case of silver flatware; fifth, club bag; sixth, rod, reel and line; seventh, six-inch reel; eighth, one-gallon thermos.

Also there will be an award to the angler, of either sex, who takes the biggest salmon fishing from a rowboat, a tackle box, reel and assortment of lures. Consolation prizes are a tea set, first, and a Penn reel of the large size.

For the crowd that assembles for the presentation of prizes at the Anchorage Tea Gardens at Brentwood following the closing bomb-blast at 4 in the afternoon there are some novelty awards which anyone in the assembly has a chance of winning. And they are in the form of several boxes of chocolates. Prizes will be displayed at the Poodle Dog Cafe this week.

President Woolston hopes the catchers of the four largest fish will donate same to the Solarium, as was done at the public derby for the institution two weeks ago and prompted a letter of thanks from the officials of the Solarium.

Derby will open at 6 in the morning, starting lines at Brentwood Bay and Hall's Boathouse at the Goldstream end. All rules governing for association derbies will be enforced to the letter—which includes no hand lines.

Board For Rugby Referees Formed

Evidence that Victoria rugby officials are out to better their sport in the eyes of the public next season is contained in the action to constitute a board of referees to promote a more thorough knowledge of the rules of the rugger code at a recent meeting.

Co-operation with the Vancouver board will be sought through a meeting with Cmdr. Martin Ellis, R.C.N., chairman of the Victoria group, and the mainland unit. Other members of the local board are: Lt.-Cmdr. P. Budge, R.C.N., Bert Buller, Ron Burns, Tom Dalziel, Maj. A. G. Dobble, Campbell Forbes, Sid Gaunt, Lieut. Jack Gibbs, R.C.N. (R), Bill Gornall, Lieut. R. Hayward, R.C.N., H. S. Hurn, R. L. V. Jermain, Capt. E. D. W. Levine, Rod McInnes, Dan Moses, A. C. Privett, Joe Roberts, Jack Ruttan and Cmdr. R. A. Webber, R.C.N.

It was also decided to request the Victoria Rugby Union to provide the referees with distinctive blazers or sweaters. Members favored the idea of all referees being in attendance at games, with at least two observing from the sidelines at each senior clash.

Oak Bay Denies Mayor's Statement On Water Supply

Reeve Walter Walker of Oak Bay today denied the statement by Mayor Percy E. George Monday that sufficient water for Oak Bay needs was being delivered at the municipal boundary under the present system.

"Due to the situation, known to both municipalities," Mr. Walker said, "F. C. Stewart, water expert, was engaged, by mutual agreement, to make a study of both Oak Bay and city systems.

"His recommendation for a solution of the problem called for a fresh supply, through a 36-inch main, from the city at Lansdowne and Foul Bay Roads.

"When the main is laid and in operation, the present 20-inch main at Oak Bay Avenue and Leighton Road will be shut off and that supply will be used to strengthen the city supply.

"It is the understanding that the work now being done in both municipalities has this end in view, and, when complete, there would be sufficient water to take care of all development in Oak Bay for some years to come."

Veterans Begin New Coast Service

A six-day-a-week service between Powell River and Vancouver is now being offered by young war veterans who have converted a navy Fairmile.

The company is Gulf Lines Ltd. and was originated by two R.C.N.V.R. veterans, T. N. LePage and J. A. Dukes. The "Gulf Wing" is skippered by Capt. Roy Barry, formerly senior officer with the R.C.A.F. marine service. His son, Roy, an ex-R.C.N.V.R. man, is mate.

The former Fairmile was purchased seven months ago. Her upperworks were removed, new engines installed, a new deck plan devised and cabin space fitted. She is licensed to carry 102 passengers, and has a speed of 16 knots.

B.C. To Open Up Peace River Area For Oil Exploration In Autumn

Premier John Hart addresses the inaugural meeting of the revitalized Laurier Club here. On his right, Jack Ruttan, first vice-president of the Laurier Club, and W. S. Kirkpatrick, president of the Oak Bay Liberal Association.

Premier John Hart told the Laurier Club here Monday afternoon the provincial government intended to open up the Peace River district for oil exploration this fall.

This announcement followed a revising at the last session of the B.C. Legislature of the laws which will govern oil exploration in British Columbia. While previously oil exploration was done on a checkerboard system, in future development will be under a block system, the provincial government reserving alternate blocks while the others are developed by private enterprise.

Premier Hart mentioned the intention of the government to open up oil exploration while speaking of the development of the provincially-owned P. G. E. Railway. He said that it had been estimated that the cost of extending the rail line from Quesnel, its present northern terminus, to Hudson Hope, was $20,000,000. This did not include the cost of new equipment, he said.

At present a road was being constructed via the Pine Pass at a cost of $6,000,000, but to make this a first class highway would cost a total of $10,000,000, he said.

Before taking steps to extend the P.G.E. into the Peace River and link it with the Dawson Creek-Edmonton rail line, he said, surveys would be undertaken to assure that the coal tonnage was available to make the railroad extension worthwhile and to assure that a suitable route was available to extend the line on from Hudson Hope to Dawson Creek.

Premier Hart was the first person to address the revitalized Laurier Club here. About 75 attended.

SAVED $700,000

Speaking on his former duties as finance minister, Premier Hart said that in 1941 the government, gambling on return of the Canadian dollar to parity with the U.S. dollar, had refunded in New York a $7,000,000 loan, thus saving the provincial taxpayers $700,000.

One of the last deals he put through as Minister of Finance, a portfolio taken over this year by former Works Minister Herbert Anscomb, was the floating of a $3,000,000 loan. The money, he said, was raised more cheaply than the Dominion government's war loans, at a better rate than that secured by any other province.

"We saved a great sum," he said. "Our credit is the highest in Canada. You can't blame me for being proud of that fact."

First portion of his address was devoted to an outline of the negotiations at the Dominion-Provincial conferences since last Aug. 6. Mr. Hart explained the various Dominion proposals and why they were unacceptable to British Columbia.

Explaining British Columbia's peculiar position, he said the cost of provincial government administration here was greater than elsewhere because the cost of road building was greater, the province had higher standards of social services and the highest standard of education in Canada.

"If we accepted these proposals," he said, "we would not be in a position to carry out those undertakings."

CLOSE TO AGREEMENT

He said, however, that British Columbia in his opinion was very close to working out some agreement on taxation proposals with the Dominion government and added:

"We are ready to go back at anytime for continued discussion of those proposals."

He said British Columbia was holding out for a return equal to the amount which the province would collect now if it re-imposed income and corporation taxes at rates in effect in 1941 when the province withdrew from these two tax fields for the duration of the war to permit the Dominion government to collect revenues to meet the huge war costs.

Gloomy Opposition Budget Criticism Rejected By Claxton

OTTAWA (CP)—A cheery picture of a prosperous and wealthy Canada was put before the Commons Monday night by Health Minister Claxton in reply to what he called "gloomy" opposition criticism of budget proposals.

The second cabinet minister to enter the week-old debate, Mr. Claxton said Canada's sound financial position had been achieved by paying as much as possible as expenditures rose and keeping up the value of the Canadian dollar.

Additional prosperity could be promoted by completion of a satisfactory agreement with the provinces, co-operation between labor, management and government, and conditions abroad which would allow expansion of two-way trade.

Mr. Claxton said 629,000 more persons were employed in Canada now than in 1939 and added that production and earnings were higher than in any other peacetime period. Output of goods was at an all-time high.

He said the savings of individuals had tripled since 1939, while the debts of leading companies had declined from $139,000,000 in that pre-war year to $66,000,000 today. Rates of tax reductions from their wartime high were greater than those in Britain, the United States, Australia and New Zealand.

In addition prices were more effectively controlled than in any other country while the Canadian dollar was as strong as any other currency. Repatriation and demobilization had been more successful than had been expected and Canada's veterans' legislation led the world.

Popular Program Given By Tenor

A popular program of light concert favorites was given Summer School of Education students at their Monday morning concert by John Beadell, Vancouver tenor, accompanied by Mrs. Dorothy Morton Gough of Victoria.

Mr. Beadell has a good platform personality and among the best-liked of his selections were "I Love Life" and "Kitty, My Love."

His dramatic ability was shown in Handel's "Total Eclipse" and Cella's "Lamento di Frederico."

Mrs. Gough played the Albeniz "Seguidilla" as a solo.

Today's recital featured a trio of Vancouver musicians: Eldreda Sewell, violinist; Jeanette Whitney, 'cellist, and Norma Abernethy, pianist.

York Theatre To Be Renovated

Interior and exterior painting, recarpeting of aisles and lobby, complete modernization of rest rooms and installation of new projector equipment, will begin this week at the York Theatre on Government Street, according to announcement of Bill Williams, manager.

Leslie Allen, regional manager of David Theatres Ltd., Vancouver, was in Victoria Monday to discuss the work.

It is hoped to have the work completed within six to eight weeks, but the theatre will not be closed during renovation. Mr. Williams stated delivery of all necessary material for the project has been assured.

Now on order are more than 800 new push-back seats for complete reseating of the theatre, but it is not known when this order will be filled. A survey revealed the building is in sound condition and no structural changes have been planned.

Included in the work to be done are complete facilities for stage shows and concerts.

Canadian Youth Hostelers will meet at the Y.W.C.A. Tuesday at 8. Cyclists and hikers attending will help organize week-end outings.

Europe's Future Depends On France, Visitor Believes

If Europe is ever to regain its feet again, France must resume a leading place in the continent, according to the belief of Madame Julia Hunt Tauflieb, U.S. born widow of Gen. Emil Tauflieb, World War I commander of the French 37th Army Corps, and a member of the French Senate for nine years.

Madame Tauflieb is spending her summer at the Empress Hotel while putting the finishing touches to her memoirs of her acquaintance with France's prewar great and others prominent in the world.

Mrs. Tauflieb is positive of the need of France's rise again to power for the sake of Europe's future. However, she warns, France must find herself first. She does not know France's new leaders and hesitates to predict what their political labors will bring to France.

She scorns Petain, whom she knew personally. "I knew Petain very well and disliked him," she said. "He was a much overrated man who had a false aura around his head." She believes the people of France clung to Petain in their distress because they believed him to represent France and because they knew of no one else on whom to rely.

"I do not think he was a villain," she said, "but he was eaten up with ambition and saw himself as a savior of his country."

She looked upon the trial of Petain as fair." He was always a defeatist, she said, even during World War I, when twice he would have surrendered to the Germans."

If Clemenceau had been alive to co-operate with Churchill and Roosevelt during World War II, France would never have collapsed, she said.

Madame Tauflieb, after spending a part of the war in California, is returning to her home in Cannes, France. She does not expect to find the France she left. "I can not say I am disappointed, because I expected it," she said.

Madame Tauflieb left France as the Germans were overrunning the country. She lost her passport, but managed to get out with her U.S. naturalization papers, which her husband, forseeing the disaster, had asked her to take out in 1937.

Before leaving though, she was in charge of organization of canteens on the French-Italian border and was on her way to organize canteens for the French 5th Army at the request of General Gamelin when she was asked to go to safety.

During World War I, she was directress of a 350-bed hospital at the front. It was there she knew Lady Swettenham of Victoria, whom she met again here on her present visit.

Mineral Wool Plant To Use Crofton Slag

R. F. Castle has purchased the million-ton slag pile of the old Crofton Smelter at Osborne Bay for use in the manufacture here of mineral wool for insulation purposes.

A mineral wool plant employing 25 men will be built on the inner harbor waterfront costing between $150,000 and $200,000. First load of slag for the stock pile is expected to arrive this week by Island Tug and Barge.

Mr. Castle also has purchased eight and one-half acres and obtained foreshore lease near the five-acre Crofton slag pile to permit easy loading on barges.

Funeral Service Held For Mrs. Julia Collison

The funeral of Mrs. Julia E. Collison, widow of the late J. J. Collison of the Uplands, took place this afternoon from Hayward's B.C. Funeral Chapel. Dean S. H. Elliott officiated and burial took place in the family plot, Royal Oak.

Mrs. Collison, who had lived in Victoria for the past 45 years, was a past president of the Women's Auxiliary to the Jubilee Hospital, a past regent of Camosun Chapter, I.O.D.E., a member of the women's auxiliary of the Y.M.C.A. and an active worker in all causes for the betterment of conditions for women in the city.

Mrs. F. F. Fatt Passes

Mrs. Winifred Katherine Fatt, widow of the late Francis F. Fatt, died Sunday at St. Joseph's Hospital. Born 72 years ago in Nova Scotia, she had lived in Victoria for 34 years, residing at 601 Trutch Street.

She leaves three sons and four daughters.

W. T. McGibbon will head a delegation to Monday's City Council meeting to protest the changing of the name of McKenzie Street to Alexander Street.

$270,000 Refunding Approved

The provincial government has approved the refunding of the $270,000 relief loan by the City Council and details for the issuance of the bonds will be worked out immediately, Ald. Edward Williams, chairman of the finance committee, said today.

The original loan was for $300,000 and the City Council last year contracted to pay it back at the rate of $30,000 a year for the next 10 years. The first payment will be made this year, leaving the $270,000 to be refunded at interest rates of 2½ per cent, 2¾ per cent and 3 per cent, which represents a considerable saving to the city, Comptroller D. A. Macdonald explained at the time it was decided to ask for the refunding.

One Vancouver brokerage firm and two Victoria firms are taking up the bonds.

British Motorists Get More Gas

LONDON (CP) — British motorists are awaiting the best news they have had since May, 1945, when Winston Churchill announced the basic gasoline ration was being restored and that a man with an automobile of less than nine horsepower could have four gallons monthly for pleasure driving.

Fuel Minister Shinwell, whose face was hard when easing of supplies was suggested month after month in the House of Commons, now is practically committed to increasing the ration following the passage of the $3,750,000,000 United States loan through Congress.

The top in the basic ration is seven gallons monthly for a car of 20 horsepower and over. Basic rations are being drawn for 1,600,000 cars in the United Kingdom, but for 900,000 of these supplementaries have been granted for some priority consideration. Many other cars are still in garages awaiting relaxation of gasoline restrictions before being put back into use.

For three years Britons actually were without a basic ration as on July 1, 1942, the ration was abolished and allowances granted only in case of general need.

Mr. Shinwell is to speak on the gasoline situation within a few days.

Degnan Kidnapping Student Suspect Denies Confessing

CHICAGO (AP) — William Heirens, calm and smiling, today denied published reports he had confessed the kidnap-killing of Suzanne Degnan and the "lipstick" slaying of Frances Brown and was granted a 30-day continuance for arraignment on 29 indictments charging him with 24 burglaries and five assaults.

Earlier the youth conferred with reporters at the county jail and said he had "made no confession" about the slaying case. Warden Frank Sain of the County Jail also said the youth denied making any confession.

Judge Ward set Aug. 14 for the youth's arraignment. None of the charges involve the Degman or Brown cases.

Sain Monday night said the 17-year-old University of Chicago student, who has been questioned in connection with the Degnan crime and the slaying of Frances Brown, the former Wave, summoned him to his cell after he had heard a news broadcast.

The warden said Heirens told him he had heard over the radio that "I've confessed," and Sain said, they had the following conversation:

Heirens: Who did I confess to then?

Sain: You didn't confess to me.

Heirens: Well, I didn't confess to nobody.

Sain: Did you tell anyone you did it?

Heirens: No.

The warden later said that "so far as I know" the radio in the jail was tuned to station WGN. A spokesman for WGN said its 5 p.m. broadcast quoted from a United Press story regarding Heirens. The youth did not say what broadcast he had heard.

Czechs Back Soviet

KROMERIZ, Czechoslovakia (Reuter) — President Eduard Benes said today he does not believe in the possibility of a conflict between east and west, but that in the event of war between Germany and the Soviet Union, Czechoslovakia would join with the Soviet Union.

Russian Embassy Requested Canada Return Gouzenko

OTTAWA (CP)—The Soviet Embassy asked that Igor Gouzenko, former Embassy cipher clerk and key witness in the espionage probe, be handed over to them for deportation, it has been disclosed.

The Royal Commission on espionage revealed the Embassy's request in its final report made public Monday. The Embassy had previously issued a statement alleging Gouzenko had stolen Embassy funds.

A request that he be handed over "without trial" for deportation followed an espisode at Gouzenko's Ottawa apartment. Gouzenko had left the Embassy with documents which proved the key to the spy investigation.

When he failed to report for work, V. G. Pavlov of the Embassy staff with two other Russians went to Gouzenko's apartment. Pavlov was identified elsewhere in the commission report as head of the Soviet secret police in Canada.

NEIGHBORS CALLED POLICE

They were unable to find Gouzenko because he was hiding in an apartment across the hall. Neighbors called the police and the Embassy in its note to the External Affairs Department complained of the "rude" treatment of the Soviet officials when city police found them in Gouzenko's apartment.

Receiving no reply, the Embassy sent another request a week later. There was no indication of a reply to that either.

"The (request's) reference to Gouzenko as a 'capital criminal' may be noted," the commission said. "We are satisfied that the suggestion that there was a theft of money was an afterthought. Gouzenko, whose evidence we accept, denied it."

Urge Pay Increase For Civil Servants

OTTAWA (CP) — The Royal Commission on senior civil service positions recommended upward salary revisions for deputy ministers and other senior officials in a report tabled in the Commons this afternoon.

The report recommended the Civil Service Commission be continued as an independent body but should concentrate attention on recruiting personnel. An establishment and personnel division should be created in the treasury board under a director-general who would have the rank of a senior deputy minister with qualified personnel officers in each government department.

Commons To Act In Steel Strike

OTTAWA (CP)—Prime Minister King in the Commons this afternoon strongly endorsed a suggestion by Arthur Smith, P.C., Calgary West, that the Commons industrial relations committee be set up immediately in an endeavor to settle the steel strike and generally quell labor unrest.

Mr. Smith made his suggestion during the budget debate. Mr. King said he would have "no hesitancy" in seconding the Progressive Conservative Member's suggestion.

A meeting of all persons interested in the breeding and growing of turkeys will be held in the Chamber of Commerce Thursday evening at 8. Harry Pope of the Department of Agriculture will speak.

Ministers To Give Statement On Issue Of Catholic Parade

The Ministerial Association, which represents the majority of the Protestant clergy, will issue a statement Thursday on its stand regarding the arrangements for the celebration of the centenary of the Roman Catholic diocese on Vancouver Island, Rev. G. R. Easter, president, said today.

The organization held one meeting on the subject, which occasioned much controversy at last Thursday's special City Council meeting, and will meet again Thursday, he said.

Bishop Harold E. Sexton, of the Anglican Church, issued the following statement today: "Believing in freedom of worship, the bishop and clergy of the Anglican Diocese of British Columbia do not wish to question any legitimate concessions which the mayor and the City Council may grant to Roman Catholic citizens in celebrating the centenary of their diocese."

Dr. J. B. Rowell, president of the Victoria Branch of the Canadian Protestant League, protested last week to the City Council against permission being granted to the Roman Catholics to use Athletic Park to celebrate Pontifical High Mass and to have the procession of the Most Blessed Sacrament through the streets.

Wartime Price Board Usefulness Defended

The Wartime Prices and Trade Board are not being run out of business by some factions in Canada who would like to see them fold up, although the board has allowed some price increases, Alex M. Eddy, regional labor liaison officer of the W.P.T.B., said Monday on his arrival in Victoria.

He will address the regular meeting of the Trades and Labor Council here, Wednesday night.

"During the war, the board forced the squeeze of rising costs almost entirely on every person other than the consumer. However, there is a limit to the amount of squeezing which can be borne by the manufacturer, wholesaler and retailer. We are now at the time when some portion of the rising costs must be passed on to the consumer," Mr. Eddy said.

Absolve Roosevelt, Hull Of Blame For Pearl Harbor Blow

WASHINGTON (AP) — Eight of the 10 Congressional committee members investigating the attack on Pearl Harbor Dec 7, 1941, were reported today to have signed a report absolving President Roosevelt and former State Secretary Cordell Hull of any direct responsibility for the surprise bombing.

Republican Senators Owen Brewster of Maine and Homer Ferguson of Michigan declined to sign, it was learned.

However, their party colleagues representing the House of Representatives on the joint congressional committee — Representatives Frank Keefe of Wisconsin and Bertram Gearhart of California—were said to have gone along with the six Democratic members.

The 112,000-word majority report, due to be released formally later this week, is said to place the blame for American failure to anticipate the attack on both Washington military officials and the commanders at Pearl Harbor. The commanders were Maj.-Gen. Walter Short and Admiral Husband E. Kimmel.

CHANGES URGED

The committee was said to have made 25 recommendations for administrative changes in U.S. army and navy procedure as a result of disclosures in connection with the attack.

So far as Gen. Short and Admiral Kimmel were concerned, the committee was said to have found that while they had not been fully cognizant of the developing world situation, they were not given as specific information about conditions in the Pacific as they should have received from Washington.

In this connection, members noted Gen. George C. Marshall and Lt.-Gen. Leonard T. Gerow had testified before the committee that if there was any responsibility for not having warned Gen. Short more specifically, it was their responsibility.

Building permits have been issued to R. C. Hughes to build a four-room house at 1730 Albert Avenue, costing $4,000; to J. S. Aspinwall to build a five-room house at 3036 Fifth Street, $5,500, and to Charles Robinson to build a five-room house and store at 2650 Quadra Street, $6,000.

Colwood Hut May Be Used For School

The Greater Victoria School Board may purchase one of the huts at Colwood Infantry Camp to use as a classroom for McKenzie Avenue School, R. H. Smith, building and grounds superintendent, said today.

The buildings have been declared surplus and Mr. Smith is going to inspect them to see if any would be suitable for moving and converting into a classroom.

The school board attempted to get one of the Tillicum Road huts for the same purpose but these have been reserved for use as housing units and the board has been forced to look elsewhere.

Trade Commissioner Meets B.C. Officials

Arthur E. Bryan, chief Canadian Trade Commissioner in the United Kingdom, opened a Canadian-wide fact-finding tour in Victoria Monday by meeting Trade Minister Leslie H. Eyres; E. G. Rowebottom, Deputy Minister of Trade and Industry; W. A. McAdam, B.C.'s Agent-General in London, and R. S. O'Meara, B.C. Trade Commissioner.

Mr. Bryan had flown to Victoria from Ottawa. During the day, before proceeding to Vancouver, he also met exporters engaged in trade with the United Kingdom and heads of new developments for which there may be a market outlet in Britain.

Shipyards, Unions Resume Negotiations

Negotiations for a new collective bargaining contract between various shipyard unions and shipyards in Victoria and Vancouver were resumed at the Empress Hotel here today. No statement of progress was made following the lunch-hour adjournment.

The union's demands include a 25-cent-an-hour wage boost and 40-hour work week.

Victoria will extend an invitation to the Trades and Labor Congress of Canada to hold its 1947 convention in this city, A. P. Rayment, president of the Victoria and District Trades and Labor Council, informed Mayor Percy George today.

New Art Form At Willows Playground

Under tuition of Mrs. Eric Greville-Jones, these happy girls are learning how to make artistic designs and interesting pictures with their fingers. The finger-painting class is held Monday afternoons and Thursday mornings.

There are still vacancies in swimming classes being held at Crystal Gardens under the auspices of the Oak Bay playgrounds committee. Girls' classes are Wednesday and boys' classes Monday. C. F. Ellison is instructor.

Wednesday morning F. W. Tammadge will conduct the junior carpentry class, and singing games and rhythm band will also be held. The playground will be closed in the afternoon except for the water-color class under H. Moorhouse and the hike for those over nine years of age. Mrs. L. J. Clark will take the older children to the Oak Bay fire hall, where they will be shown the equipment.

White, Stengel Both Draw Fines

LOS ANGELES (AP) — Both managers and a Seattle player were fined Monday for a series of altercations with umpires during the Oakland-Seattle series last week.

President Clarence Rowland of the Pacific Coast Baseball League announced outfielder Edo Vanni of Seattle was fined $25 for a run-in with umpire Phil Mazzeo last Wednesday; manager Jo Jo White of Seattle was fined $50 for a squabble with Mazzeo last Friday, and Manager Casey Stengel of Oakland was fined $25 for an altercation with umpire Bill Engel on Saturday.

Death Sentence Passed On Canadian Commuted

LONDON (CP) — The death sentence passed last May on Pte. John Merkley of Granvenhurst, Ont., for the murder last January of Sgt. Louis Stork of the Netherlands Air Force has been commuted to life imprisonment, it was learned today.

Merkley, held in Amsterdam since his court-martial, now is in England, but will return to Amsterdam shortly as a witness in the new trial of Pte. Stefan Kolesar of Edmonton, who was rearrested on a charge of armed robbery with violence immediately after acquittal of the Stork murder.

Negotiations between Canadian and Dutch authorities for Kolesar to be tried by a Netherlands civilian court have fallen through and an announcement is expected next week that the Amsterdam inquiry section, closed three weeks ago, will be re-established to try him by a Canadian army court.

General Strike In Palestine Tomorrow

JERUSALEM (AP)—The Jewish National Council, Vaad Leumi, announced today a general strike would be staged throughout Palestine tomorrow, from 9 a.m. to midnight, in sympathy with 1,600 Jews reported by Jewish sources to be on a hunger strike at the Rafiah detention camp.

Police denied there was such a hunger strike.

There will be no work in towns or villages except by government employees and in maintenance of essential service, the announcement said, and no urban or interurban transport in the Jewish sector of the country.

To Explore Future Of Trade Preferences

LONDON (CP) — The News Chronicle says today it understands discussions with the Dominions "about lowering or abolition of Imperial Preference" as a result of the United States loan will take place in London this autumn.

The Dominions talks will precede an international trade conference which will be held "after a thorough examination by British Commonwealth countries" on preference revision in return for reduced U.S. tariffs, the newspaper said.

Waterfront Strike In U.S. Voted Aug. 1

SAN FRANCISCO (AP)—Ship, dock and walking bosses of the United States west coast have voted to strike Aug. 1 to obtain a collective bargaining agreement defining wages, hours and working conditions on a coastwide basis, the International Longshoremen's and Warehousemen's Union (C.I.O.) announced Monday.

The strike vote was "virtually unanimous," the I.L.W.U. said, of approximately 1,000 bosses involved, 98 per cent voted for the strike.

The Waterfront Employers' Association declared in a statement that "The Pacific Coast seems to be moving toward a shutdown on the waterfront." The statement referred to work stoppages at Seattle, Portland, Coos Bay, Ore., and "a general slowdown by the longshoremen" at Los Angeles.

U.S. To Move At Once To Smash Economic Barriers In Germany

WASHINGTON (AP) — State Secretary James F. Byrnes has warned Russia she is creating "doubts and suspicions" by objecting to a German disarmament treaty and announced the United States is acting immediately to break down economic barriers in Germany—with or without Moscow.

Mr. Byrnes, speaking Monday night in a radio broadcast to the nation on the recently-concluded four-power Foreign Ministers' Conference in Paris, said:

"Our military representative in Germany will this week be instructed to co-operate with any one or all of the three governments (Britain, Russia and France) in essential administrative matters like finance, transportation, communication, trade and industry. We will either secure economic co-operation between the (German occupation) zones or place the responsibility for the violation of the Potsdam Agreement."

The United States chief in Germany in Gen. Joseph T. McNarney.

Mr. Byrnes earlier in the day had reported personally on the Paris meeting to President Truman.

CRITICAL ISSUES

Throughout the speech Mr. Byrnes repeatedly blamed Russia for failure of the conference to reach agreement on critical issues—particularly the German disarmament treaty, the centralization of German economy and the draft of a peace treaty for Austria.

On the issue of the German disarmament treaty, Mr. Byrnes openly acknowledged the split between Russia and the western powers and asked:

"Is German militarism going to be used as a pawn in a struggle between the east and the west and is German militarism again to be given the chance to divide and conquer?"

"To that question," he continued, "there must be an unequivocal answer, for equivocation will increase unbearably the tensions and strains which men of good will everywhere are striving to relieve."

He said the Soviet statement to the Foreign Ministers' meeting against the disarmament treaty proposal "reveals how hard-pressed the Soviets were to find real objection to a treaty which gives them the assurance that Germany should never again become a threat to their security or to the security of Europe."

Then he added:

"I do not believe that the Soviets realize the doubts and suspicions which they have raised in the minds of those in other countries who want to be their friends by the aloofness, coolness and hostility with which they have received America's offer to guarantee jointly the continued disarmament of Germany."

Had such a treaty been in existence after the First Great War, Mr. Byrnes argued, the Second Great War never would have occurred.

Mr. Byrnes traced in considerable detail each of the major issues which had occupied the Foreign Ministers — himself V. M. Molotov of Russia, Ernest Bevin of Britain and Georges Bidault of France—during the 28-day session.

ECONOMIC PARALYSIS

He said that because Germany is "threatened with inflation and economic paralysis" and "because the United States zone is costing American taxpayers $200,000,000 a year, he had urged the Allied Control Commission be instructed to administer Germany as an economic unit.

The British government agreed to this and the French reversed their previous position of opposition to accept, but the Russians said they could not agree without further study of the Saar question, involving exclusion of that area from the centralization.

"I made clear," Mr. Byrnes said, "that we were unwilling to share responsibility for the economic paralysis and suffering we felt certain would follow a continuance of present conditions in Germany."

Thrilling Elephant Ballet With Circus

Jean Evans, queen of the white tops, poses with Old Margaret, matriarch of the Clyde Beatty elephant herd coming to Victoria for three days starting tomorrow at Victoria West Park.

A spectacular elephant ballet, "Jumbos on Parade," in which a bevy of talented girls present three rings of ponderous pachyderms in mass military formations is among the new trained animal features of the Clyde Beatty Trained Wild Animal Circus.

Presenting a sharp contrast to the rugged bulk of the performing beasts, the feminine stars exemplify agility and precision as the elephants step with apparent clumsy daintiness and awkward grace to the blare of the circus band.

Symbolizing the circus more than any other animal, the elephants are indispensable in more than one way. They not only entertain with their ever appealing "trunkful of tricks," but earn their daily wages of hay and peanuts in helping raise the big top, spot the heavy baggage wagons, and dismantle and load the tented city following the final night performance.

Reserved seat tickets will be on sale tomorrow, Thursday and Friday, 10 a.m. till 5 p.m., at Terry's Drug Store.

Workers Talk With Swift In Chicago

TORONTO (CP)—John Lenglet, research director of the United Packinghouse Workers of America (C.I.O.), said Monday night that refusal of the Swift Canadian Meat Packing Company to negotiate a master agreement with the union has resulted in the union taking the dispute to the head office of the company in Chicago.

Negotiations with the international office of the company will open July 22. "If they refuse to take the Canadian locals in their master agreement, a strike vote will follow," said Lenglet.

The two other big Canadian packing firms, Canada Packers and Burns & Company, have agreed to negotiate with the union on a company-wide basis, but Swift's has declared they will deal only on a local plant basis, Lenglet said.

Swift's has six Canadian plants with 4,000 employees. The present contracts with the union will expire Aug. 1.

Dominions To Receive Copies Of Treaty Drafts Before Conference

LONDON (CP) — Copies of draft treaties will be sent to the Dominions and other countries as quickly as possible so they will have an opportunity to consider them before the Paris Peace Conference July 29, the Canadian Press learned here.

Britain, whose views were made clear by Foreign Secretary Bevin at the meeting of Foreign Ministers, awaits the opinions of the Dominions with interest, but does not expect to know them until they are expressed by Dominion representatives at the peace meeting, authorities said.

Information on subjects concerning the 21-power conference go to the Dominions direct and Whitehall takes the attitude the Dominions are free to make their own decisions and therefore is unlikely to seek any prior agreements on what should be done. The United Kingdom attitude on several questions was reviewed in detail by Mr. Bevin during Dominions consultations in London recently, but no Dominions declaration could be made as the Prime Ministers or their deputies said policies could be decided only by the home governments.

"Some of the Dominions' representatives expressed their own views, of course," one spokesman said.

"But they all explained they could not pledge their governments irrespective of how pronounced were their own personal opinions on European affairs."

On one point the position of the Dominions was made clear—they wanted the peace conference held soon and July 29 was none too soon for some outspoken representatives who have argued for almost a year that the countries participating in victory over the Axis should be heard quickly on peace settlements.

Australia Makes Cup Tennis Plans

MELBOURNE (CP)—Australia plans to try out several doubles combinations for the Davis Cup team which will defend the coveted trophy—probably against the United States—in the challenge round here in December.

This was disclosed last night by Sir Norman Brookes, president of the Australian Lawn Tennis Association, who told a meeting of that body that the squad from which Australia's defending cup team is to be selected would be announced the second week in August.

Six or eight players will be chosen, he said, and the selection committee can add or subtract as it thinks fit.

All Key Groups Show Weakness

MONTREAL (CP) — Losses were ahead of gains in a ratio of nearly three to one in trading up to the last hour today. All pivotal groups were affected by the downswing.

In papers International and Quebec Pulp Preferred were exceptions and firmed.

In industrials only Stelco Preferred, Cement, Montreal Locomotive, Foundation and Gypsum were ahead.

Brazilian was advanced in utilities.

Noranda, Nickel and Smelters posted decreases in metals and B.A. and Petroleum were marked down in refineries. Dome in golds and Homestead in western oils were softer. In junior mines Nechi and Siscoe were in win territory.

Montreal averages:

20 industrials, 139.8, off 1.02.
10 utilities 77.2, off 1.00
30 combined 118.9, off 21.02
10 pulp, paper 357.70, off 5.73
15 golds 81.88, off 1.44
Total sales, 115,000.

Only Scattered Issues Advance

NEW YORK (AP) — The market tried to rally behind steels today but only scattered issues were successful and many leaders continued in the losing ranks.

Dealings were liveliest in the forenoon when it looked as though a general recovery might get under way. The pace slowed after midday. While fractional advances were fairly well distributed near the close, losses running to a point or more predominated.

At noon Canadian Pacific had a gain of ¼ at 18¾, International Nickel a loss of ⅞ at 36¼, Distillers Seagram was unchanged at 27¾, Dome Mines unchanged at 22¼.

Dow Jones averages closed today as follows:

30 industrials 200.71, off .15
20 rails 62.78, off .26
15 utilities 40.52, up .07
65 stocks 74.42, off .10
Total sales, 1,180,000.

Stocks Show Substantial Losses

TORONTO (CP)—Stocks were marked down for substantial losses in today's session. All four index groups closed on the down side. There were spotty recoveries in the final hour but both mining groups and industrials were lower at the close by about a point or more. The volume was comparatively small at about 825,000 shares.

Definite weakness developed in industrials for utility, steel, food and paper groups and losses also predominated in liquor and building groups.

In the golds closing prices generally were down 15 to 35 cents.

Most base metal issues were down. Anglo-Canadian, British Dominion, Home and Roxana were soft spots in the western oils.

Toronto index:

20 industrials 198.20, off 2.49
20 golds 115.68, off 3.52
10 base metals, 91.32, off 1.35
15 western oils, 25.60, up 0.04
Total sales, 848,00.

Grain

WINNIPEG (CP)—Rye futures prices declined the maximum five cents allowed for one day's trading. A carryover of offers with thin buying support caused the market to stagnate early in the session.

At the close July was $2.36a, October $2.36a and December $2.27¾a.

The United Kingdom took 350,000 bushels of Canadian wheat.

Missionary Vessel Launching Tonight

The new 48-foot missionary boat of the Shantymen's Christian Association will be launched at Falconer Marine Industries Ltd. at 7 this evening, Percy E. Wills, association missionary, announced today.

The boat will have its engines and fittings installed at Nanaimo. Mr. Wills expected the missionary vessel would be ready for service on the west coast of Vancouver Island in two months' time.

Harold Peters is to be skipper for the vessel which will operate in conjunction with hospitals maintained by the association at Tofino and Esperanza.

The mission vessel, which is constructed on the design of a tuna boat, has a 12-foot, nine-inch beam and a draught of five feet.

Extend Deadline On Seamen's Bonus

Deadline date for applications for the special bonus to merchant seamen has been extended from Dec. 31, 1945, to Aug. 31, 1946, the Hon. Lionel Chevrier, Minister of Transport, announced today.

It had been announced that 5,000 seamen might prove their eligibility to this bonus for service on ships of Canadian registry previous to April 1, 1944, but up to date only 2,506 have been presented and passed for payment.

The minister said it was essential that eligible claimants for the bonus make application at once to Capt. G. L. C. Johnson, O.B.E., director of merchant seamen, Department of Transport, 95 Rideau Street, Ottawa.

B.C. Ship Company Buys 2 Park Ships

Western Canada Steamships Ltd., Vancouver, has purchased two of the nine surplus Crown-owned freighters sold for $4,068,494 by Park Steamship Co., Ltd., acting as agents for War Assets Corporation, it was announced today.

The Vancouver firm, with purchase of the two 10,000-ton oil burners, brings the total number of vessels it has acquired to 19.

The total number of Park vessels disposed of to June 30 is 98, and aggregate receipts are $46,548,286.

One Woman's Day

By NANCY HODGES

PRIMITIVE PAGEANTRY

WHEN I RECEIVED an invitation to be a guest at the Vancouver ceremony making His Excellency Viscount Alexander an honorary Indian chief, I accepted with alacrity.

It was an experience I wouldn't have missed for worlds—and one I wish every Canadian youngster could have seen, not merely for its primitive pageantry but for its historic significance.

For a few brief hours I—and some thousands of other spectators—was transported back to the days before the white man came, when the red man was monarch of all he surveyed.

We saw him again express himself in his stories, his songs, his legends and his dances, in all their symbolism, their simplicity and their natural beauty.

CHIEF'S WELCOME

THE CEREMONIAL was staged in the Kitsilano Park, formerly the habitation of the Squamish tribe. And old Chief Khahtsahlano sounded the keynote in his address of welcome:

"Welcome, my friends, to this village set once again upon the soil where once my grandfather, Great Chief Khahtsahlano, did stand upon the shores of the blue sea beneath the snow-capped mountains to behold the visiting chiefs approach. Welcome to where I did as a boy play with my Indian brothers and at the early age of nine became their chief.

"Welcome I now give to you as did my grandfather give to his guests in ages not too distant past. Let our White Brothers behold our friendship. Let happiness fill their hearts and ours. Let us enjoy the beauty that abounds. This was our land and we shall now share it with you. Feel secure there is enough for all. I speak for my people and of my people. Welcome!"

Among the visiting coastal Indians were members of the Kwagutt, Nimpkish, Mamaleleka, Hawechiss, Danadougkha, Tzwadaineuk, Kwicksutaineuk, Hakwamiss, Nakwakdoug, Gwasala, Quatsion, Klatlaseqwila and Lequisdougo tribes.

In one corner was the Indian village proper, with its tepees and handsome totem poles. All around the compound was the decorative Circle of Legends, immortalized by Pauline Johnson.

CIRCLE OF LEGENDS

THESE WERE in the form of great murals depicting eight of the legends associated with this west coast.

Among them were the Two Sisters—Commemorated in The Lions peaks—Deadman's Island, The Lure, which is a story of a group of ancient trees in Stanley Park, and Siwash Rock.

In the centre of the compound was erected a giant tom-tom, brilliantly lighted, and adorned with enormous replicas of authentic Indian dances. Upon this stage the dances were performed.

It was flanked by a double row of poles in which were set great torches. These were lighted as the vice-regal party arrived.

As the Governor-General entered the compound he was met by an imposing procession of 18 torchbearers, all chosen braves of their tribes and all veterans of World War II, followed by 24 chiefs in full regalia.

All wore magnificently-beaded robes, vivid scarlet and royal blue predominating, some lavishly adorned with dozens of white ermine skins. Their headdresses were strange and fantastic and, in some cases, fearsome.

IMPRESSIVE RITUAL

ESCORTED THUS, the distinguished guest advanced to the dais, where he was robed by the chief with a handsome beaded robe and Thunderbird headdress, with an immense beak.

The conferring of the honorary chieftaincy was an impressive ritual as seen in the flickering light of the torches, and with an enormous moon just rising over the horizon to add to the effect.

The customary speeches by the chiefs, all in the native tongue, were supplemented by songs and ceremonial dances, most of them interpreting a mystic folklore, never before seen by the white man.

One of the most spectacular was the Red Cedar Bark dance, featuring solos named The Grouse, Funny Man, Lost-in-the-Woods, Chief's Daughter, Two Ravens, Shadow, Wren, Spruce and Thunderbird, all authentically costumed and masked.

And all were executed with an amazing virility, sense of rhythm, and polished technique. Some of the dancers were lads who had served overseas.

'DEAD YESTERDAY'

AS THE TOM-TOMS THROBBED and the dancers postured grotesquely in the dying glow of the torches, my thoughts went back to pioneer days when such demonstrations would, perhaps, have been the prelude to pillage.

Then I recalled that some of these Indian performers had threatened earlier in the week to go on the economic warpath by striking for more pay.

Here, for one fleeting moment, Omar Khayyam's "Dead Yesterday" was one with the live issues of today. And I wondered what the "Unborn Tomorrow" would bring in its wake!
